This book is for student and experienced guitarists who want to move into the realm of jazz accompaniment. You learn a basic repertoire of chord sequences that employ colorful or hip voicings. The sequences use chord fingerings that are easy to play with each chord in comfortable proximity on the fretboard to the previous and next ones. You learn to translate those cryptic chord symbols you see on sheet music and big band charts into easily fingered chords that involve no extreme hand stretches, sound good, and fit into the harmonic context of the tune you're playing.
