Civil Society and International Students in Japan Polina Ivanova,2023-07-14 This book explores encounters and interactions between international students and local civil society organizations CSOs in Japan Based on the results of a cross case analysis this study reveals the possibilities for international students in Japan of creating social capital in the short term in culturally and socially diverse groups While a conventional approach sees universities as the main support providers this research shows the role of local CSOs as alternative actors offering international student support Unlike the long standing paradigm viewing Japanese civil society as top down and closely following the government this book uncovers many decentralized and bottom up organizational types Furthermore it highlights an active part taken by foreign staff and volunteers in Japanese CSOs which challenges the guest host dichotomy of the previous literature Presenting a reconsidered insight into the role of international students and their interaction with CSOs in community building this book will appeal to students and scholars of Asian studies and migration studies as well as organizers of CSOs and faculty of international higher education institutions

Sūtras, Stories and Yoga Philosophy Daniel Raveh,2016-07-01 This book presents a close reading of four Indian narratives from different time periods epic Upaniadic pre modern and contemporary Ekalavya s story from the Mah bh rata MBh 1 123 1 39 the story of Prajapati Indra and Virochana from the Ch ndogya Upanisad CU 8 7 1 8 12 5 the story of ananka in the King s body from the ankaradigvijaya and A R Murugadoss s Hindi film Ghajini 2008 respectively These stories are thematically juxtaposed with Patajala yoga namely Patajali s Yogas tra and its vast commentarial body The s tras reveal hidden philosophical layers The stories on the other hand contribute to the clarification of philosophical junctions in the Yogas tra Through s tras and stories the author explores the question of self identity with emphasis on the role of memory and the place of body in identity formation Each of the stories diagnoses the connection between self identity and at least a sense of freedom Employing cutting edge methodology crossing the boundaries of literary theory story telling and philosophical reflection this book presents fresh interpretations of Indian thought It is useful to specialists in Asian philosophy and culture

Stumbling Giant Timothy Beardson,2013-05-21 A thoughtful reconsideration of China s actual place in the new world order based on reality rather than fanciful speculation Kirkus Reviews Can anything prevent China surpassing the United States and becoming the world s top superpower While predictions that China s rise to global supremacy is a near certainty have

resulted in this belief becoming almost conventional wisdom this book boldly counters such widely held assumptions Investment strategist Timothy Beardson brings to light the daunting array of challenges that today confront China as well as the inadequacy of the policy responses Threats to China come on many fronts Beardson shows and by their number and sheer weight these problems will thwart any ambition to become the world's Number One power Drawing on extensive research and experience living and working in Asia over the last 35 years the author spells out China's situation an inexorable demographic future of a shrinking labor force relentless aging extreme gender disparity and even a falling population Also the nation faces social instability a devastated environment a predominantly low tech economy with inadequate innovation the absence of an effective welfare safety net an ossified governance structure and radical Islam lurking at the borders Beardson's nuanced firsthand look at China acknowledges its historic achievements while tempering predictions of its imminent hegemony with a no nonsense dose of reality

Equitable Education for Marginalized Youth in Latin America and the Caribbean Stacey N. J. Blackman, 2022-09-02 This edited volume examines the thrust toward equity in education for marginalized and out of school youth as well as youth with disabilities in countries located in the Global South Using a critical cross cultural lens to interrogate the historical empirical and theoretical discourses associated with achieving UNESCO's equity in education agenda the book showcases the work of scholars from developed and developing nations in examining inclusive education Drawing attention to the nature impact and effects of marginalization the book ultimately demonstrates the ability of education systems in the Global South to be innovative and agile despite current resource challenges This text will benefit scholars academics and students in the fields of international and comparative education education policy and inclusion and special educational needs education more broadly Those involved with Caribbean and Latin American studies the sociology of education and diaspora studies in general will also benefit from this volume
