

Appendix E - Detailed Construction Cost Estimate

An independent construction cost estimate was prepared based on the Basis of Design represented in this report. Rider Levett Bucknall is a national cost estimating company with experience and current cost history in the region. Their report¹ is included here in its entirety (Figures E.1 through E.8). The following (Table E.1 – RLB Report Summary of Amounts with Index of Figures) summary is derived directly from the report (corrections to this report are noted below):

Report Cover & Assumptions		Figure E.1	pages E-2 through E-4
Site	\$975,414 (1)	Figure E.2	pages E-5 through E-6
Entrance Road	\$928,037	Figure E.3	pages E-7 through E-8
Surface Parking	\$376,559	Figure E.4	pages E-9 through E-10
Subtotal Site	\$2,280,010		
RTC Bus & Car Parking Garage	\$38,938,445	Figure E.5	pages E-11 through E-15
Administration Building	\$5,349,398 (2)	Figure E.6	pages E-16 through E-20
Subtotal RTC	\$44,287,843		
Maintenance Facility Addition	\$1,383,105	Figure E.7	pages E-21 through E-23
Maintenance Facility Renovation	\$928,037	Figure E.8	pages E-24 through E-25
Waste Enclosure	\$180,000 (3)		
Subtotal Maintenance & Site Buildings	\$2,491,142		
Total Construction Cost Estimate	\$49,058,995		

Table E.1 – RLB Report Summary of Amounts with Index of Figures

- (1) The RLB report did not include replacement of existing asphalt as described in 2.7 Site and Building Systems. An amount of \$172,317 (based on 32,000SF @ \$3.75/SF, with mark-ups) has been added to the RLB Site cost estimate.
- (2) Line G3020-76 has an incorrect area – area should be 6,700 SF. The cost difference, with associated markups, has been deducted from the RLB Administration cost estimate.
- (3) This item was not provided with the RLB report. The amount included is based on a similar structure in Aspen (with escalation).

This estimate is based on the current, conceptual understanding of the project. This level of estimating is affected by the significant potential to under-react to cost issues, as well as to over-react based on a limited amount of information. A prudent, and conservative approach is used. Nonetheless, the actual costs may vary as the project is developed further. Factors that can increase costs include: the economy, additional detailed drawings and definition of systems, scope packaging, contract award timing, and scope revisions. Factors that can improve costs include: the economy, additional detailed drawings and definition of systems, and competitive pricing by the Design-Build Contractor.
