Yasser Iqbal Daulay, Robbi Rahim, 2021-05-11 The Faculty of Economics and Business Bengkulu University UNIB Provinsi Bengkulu Indonesia organized the 3rd Beehive International Social Innovation Conference BISIC 2020 on 3rd 4th Oct 2020 in Bengkulu

Indonesia The number of participants who joined the zoom room was recorded at 450 participants Participants came from 4 countries namely Indonesia Malaysia Philippines Thailand BISIC 2020 is implemented with the support of a stable internet network system and a zoom application In the implementation there were several technical obstacles encountered by the participants namely the difficulty of joining the zoom application due to the unstable internet signal The holding of a virtual conference felt less meaningful due to the lack of interaction between speakers and participants The BICED 2020 committee 30 papers were presented and discussed The papers were authored by researchers from Thailand Malaysia Philippines and Indonesian All papers have been scrutinized by a panel of reviewers who provide critical comments and corrections and thereafter contributed to the improvement of the quality of the papers

Prices, Production, and Inventories Over the Automotive Model Year Adam Copeland, 2005 This paper studies the within model year pricing and production of new automobiles Using new monthly data on U S transaction prices we document that for the typical new vehicle prices typically fall over the model year at a 9.2 percent annual rate Concurrently both sales and inventories are hump shaped To explain these time series we formulate a market equilibrium model for new automobiles in which inventory and pricing decisions are made simultaneously On the demand side we use micro level data to estimate time varying aggregate demand curves for each vehicle On the supply side we solve a dynamic programming model of an automaker that while able to produce only one vintage of a product at a time may accumulate inventories and consequently sell multiple vintages of the same product simultaneously The profit maximizing pricing and production strategies under a build to stock inventory policy imply declining prices and hump shaped sales and inventories of the magnitudes observed in the data Further roughly half of the price decline is driven by inventory control considerations as opposed to decreasing demand

Abstract **The Iron Age**

,1896 **PROCEEDINGS OF INTERNATIONAL CONFERENCE ON COMPUTER SCIENCE AND COMMUNICATION ENGINEERING** Dr. Arimanda Vara Prasad Reddy, Dr. Arimanda Vijaya Sarada Reddy, Sri Arimanda Siddharth Reddy, Dr. J B V Subrahmanyam, Dr. Y. David Solomon Raju, It is with great pride and enthusiasm that we present the proceedings of the First International Conference on Computer Science and Communication Engineering organized by Holy Mary Institute of Technology and Science Hyderabad This conference marks a significant milestone in our commitment to advancing innovation research and collaboration in the ever evolving domains of computer science and communication technologies In an era where digital transformation is rapidly redefining the global landscape fields such as Artificial Intelligence AI and Machine Learning ML have emerged as powerful drivers of sustainable progress From smart energy systems and intelligent healthcare solutions to advancements in agriculture and environmental conservation these technologies offer immense potential to address the critical challenges of our time This conference has provided a vibrant platform for researchers academicians industry leaders and students from across the globe to come together share knowledge and explore novel applications of AI ML and communication engineering aimed at sustainable development The overwhelming response and the

diversity of contributions reflect the growing significance and global interest in these areas. The range of topics featured in this volume showcases not only the depth of academic and practical research but also the spirit of innovation and collaboration that underpins this conference. Each paper represents a step forward in our shared pursuit of technological solutions for a better, more sustainable world. We extend our sincere gratitude to all the keynote speakers, session chairs, reviewers, authors, and participants for their valuable contributions. A special word of thanks goes to the organizing committee, sponsors, and dedicated volunteers whose tireless efforts have made this event a resounding success. As you explore the proceedings, we hope that the ideas and collaborations born from this conference will continue to inspire impactful research and foster long-term partnerships for a future that is both technologically advanced and environmentally responsible.

Organizing Committee ICCSCE 2025 *Advances in Information and Communication Networks* Kohei Arai, Supriya Kapoor, Rahul Bhatia, 2018-12-05

The book gathering the proceedings of the Future of Information and Communication Conference FICC 2018 is a remarkable collection of chapters covering a wide range of topics in areas of information and communication technologies and their applications to the real world. It includes 104 papers and posters by pioneering academic researchers, scientists, industrial engineers, and students from all around the world, which contribute to our understanding of relevant trends of current research on communication, data science, ambient intelligence, networking, computing, security, and Internet of Things. This book collects state-of-the-art chapters on all aspects of information science and communication technologies, from classical to intelligent, and covers both theory and applications of the latest technologies and methodologies. Presenting state-of-the-art intelligent methods and techniques for solving real-world problems, along with a vision of the future research, this book is an interesting and useful resource.

Contextual Pricing: The Death of List Price and the New Market Reality Robert Docters, Michael Barzelay, John G. Hanson, Cecilia Nguyen, 2011-10-19

A REVOLUTIONARY NEW PERSPECTIVE ON HOW PRICING REALLY WORKS

Contextual Pricing delivers a knock-out punch to complacent and low-return pricing approaches. This book is full of intriguing, fresh insights which will expand your perspective on what is possible in maximizing revenue from your company's products and services.

Mark Greatrex, Chief Marketing Officer, Cox Communications and former SVP, Global Still Beverages, The Coca-Cola Company

To effectively price, managers must understand market context, the frame of reference for buyers. Context is far more important than the usual measures of price variation. I strongly recommend this readable and useful book to any business leader who suspects his or her company is falling short of achievable revenues.

Dave Calhoun, Chairman and CEO, Nielsen Company and former Vice Chairman, General Electric Company

About the Book: A few leading companies have jettisoned ideas about pricing that other companies believe are indispensable. The result has been superior performance against competitors who persist in a simplistic 1990s belief in value. Contextual Pricing describes how buyers are influenced by comparison points and contextual messages more than by actual price levels. Identical products can sell at radically different

prices to the same target customer if context is strategically managed This fact is how Procter Gamble GE Coca Cola Company Amazon Google Microsoft and others make sure they get the best possible price The use of context is changing the way companies price and sell in the new global economy This readable and market tested book describes the contextual pricing perspective how it is being used in B2B and B2C markets and how you can make the shift to contextual pricing in your own business Whether you re a CEO P L manager marketing director sales manager or entrepreneur Contextual Pricing shows you how to Understand how your customer will make buying decisions and the role of pricing in those decisions Establish better more intuitive prices using context Develop contextual pricing strategies that defeat competitor pricing how contextual pricing can be the antidote to destructive price wars Harmonize your pricing with branding product development and channel strategies Increase your profits with proven pricing tools such as scientific bundling tiering branding upsell hooks and more Through its illuminating case by case studies Contextual Pricing delivers a wide range of pricing techniques and customer insights that you won t find anywhere else You ll learn how to avoid common pitfalls when raising or lowering prices and discover how you can compete in traditional or emerging digital marketplaces and beat the competition through superior tactics not through lower margins When you know the secrets of Contextual Pricing you can name your price drive your sales increase your profits and own your success [Harvard Business Review](#) ,2005 [Japan Weekly Mail](#) ,1894

Political Price Cycles in Regulated Industries Claudio Paiva,Rodrigo Moita,2006 This paper develops a model of political regulation in which politicians set the regulated price in order to maximize electoral support by signaling to voters a pro consumer behavior Political incentives and welfare constraints interact in the model yielding an equilibrium in which the real price in a regulated industry may fall in periods immediately preceding an election The paper also provides empirical support for the theoretical model Using quarterly data from 32 industrial and developing countries over 1978 2004 we find strong statistical and econometric evidence pointing toward the existence of electoral price cycles in gasoline markets

[Hacking Gmail](#) Ben Hammersley,2006-01-04 No mere how to use Gmail book this hacker s resource is the first volume to unlock the true power behind Gmail Make no mistake this is serious down and dirty under the hood code level hacking that will have you eliminating the default settings customizing appearance disabling advertising and taking control of your Gmail accounts The book begins with the basics explaining Gmail s capabilities and hidden features before moving on to more advanced topics like deconstructing the boot sequence and using Greasemonkey to customize things to your liking From there the sky s the limit You ll see how to access your Gmail without having to check in at the site create custom Gmail skins with CSS build your own tools with APIs get your mail via RSS feeds use Gmail storage like a spare hard drive use it as a blogging tool and more Gmail is a hacker s dream Offering more than two gigabytes of storage an incredibly advanced JavaScript interface and a series of user interface innovations it s proving to be one of the flagship applications on the Web With this book you can take control of this flagship trick it out and use its capabilities in unconventional ways **Time**
