Levitt, Stephen J. Dubner, 2014-05-12 Steven Levitt and Stephen Dubner single handedly showed the world that applying economic theory and big data to everyday problems can bear surprising results Think Like A Freak will take students further inside their special thought process revealing a new way of approaching the decisions we make the plans we create and the morals we choose It answers the question on the lips of everyone who's read the previous books How can I apply these ideas to my life How do I make smarter better decisions How can I truly think like a freak With short highly entertaining insights running the gamut from The Upside of Quitting to How to Succeed With No Talent Think Like A Freak will radically alter the way your students think about all aspects of life on this planet **Act Like a Lady, Think Like a Man LP** Steve Harvey, 2010-06-01 Steve Harvey the host of the nationally syndicated Steve Harvey Morning Show can't count the number of impressive women he's met over the years whether it's through the Strawberry Letters segment of his program or while on tour for his comedy shows Yet when it comes to relationships they can't figure out what makes men tick Why According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man In Act Like a Lady Think Like a Man Steve lets women inside the mindset of a man and sheds light on concepts and questions such as The Ninety Day Rule Ford requires it of its employees Should you require it of your man The five questions every woman should ask a man to determine how serious he is And much more Sometimes funny sometimes direct but always truthful Act Like a Lady Think Like a Man is a book you must read if you want to understand how men think when it comes to relationships *Inside Sports*, 1979 The Unsold Mindset Colin Coggins, Garrett Brown, 2023-02-21 What if the greatest salespeople on the planet are the opposite of who you think they are Everyone sells every day It's why the most successful people are better than most at selling themselves their ideas or their products and services Yet when people hear the word sales they think of an overly confident articulate extrovert at best or a pushy know it all huckster at worst Because of these misperceptions when we find ourselves in a situation where we need to sell we feel compelled to put on the persona of a good salesperson But there's a disconnect between who we think good salespeople are and who they actually are In any room they're not the most self confident they're the most self aware They're not the most sociable they're the most socially aware And they don't succeed in spite of obstacles they succeed because of obstacles Colin Coggins and Garrett Brown sought out some of the most successful people from all walks of life including CEOs entrepreneurs doctors trial lawyers professional athletes agents military leaders artists engineers and countless others in hopes of understanding why these people are so extraordinary Colin and Garrett found that as different as all these incredible people were they all had an eerily similar approach to selling It didn't matter if

they were perceived as optimists or pessimists logical or emotional introverted or extroverted jovial or stoic they were all unsold on what it meant to sell and unsold on who people expected them to be The Unsold Mindset reveals a counterintuitive approach not just to selling but to life It s a journey toward an entirely new mindset the greatest sellers on the planet aren t successful because of what they do they re successful because of what they think Being a good person and a good salesperson aren t mutually exclusive The Unsold Mindset will change the way you think about selling and the way you think about yourself
