The Social Psychology of Change Management Steven ten Have, John Rijsman, Wouter ten Have, Joris Westhof, 2018-12-17 Changes are rarely accomplished by individuals People are social animals and changes are social processes which have to be organized Social psychology is essential for the effectiveness and development of the field of change management It is necessary to understand people in change processes Social psychology also teaches us that meaning is key during change and intervention Social psychology makes change management comprehensible to people and allows them to consider their actions in groups and the organization on their merits They may seem obvious and self evident but practice and science as well as the popular change management literature show that it is not Drawing on the field of social psychology and based on primary research *The Social Psychology of Change Management* presents more than forty social psychological theories and concepts that are relevant for the field of change management The theories and concepts are analyzed and categorized following Fiske s five core social motives belonging understanding controlling enhancing self and trusting Each theory will have an introduction in which its

assumptions and relevance is explained By studying the scientific evidence including meta analytic evidence the book provides practitioners students and academics in the field of change management organizational behaviour and business strategy the most relevant social psychological ideas and best available evidence thereby further unleashing the potential of social psychology in order to feed the field of change management By categorizing and integrating the relevant theories and concepts change management is enriched and restructured in a prudent positive and practical way The overarching goal however inspired by the ideas and perspective of leading thinkers like Kurt Lewin James Q Wilson and Susan T Fiske is to make the world a better place Social psychologists being social scientists study practical social issues in our case issues related to change management and application to real world problems is a key goal Therefore this book goes beyond the domain of organizational sciences

The Extended Mind Annie Murphy Paul,2021 A bold new book reveals how we can tap the intelligence that exists beyond our brains in our bodies our surroundings and our relationships

Psychology Magazine April 2022 Arvind Otta,Tushar Singh ,Arti Bakshi,2022-04-01 Psychology a magazine produced by Utsaah Psychological Services stands as a venerable and authoritative publication within the field of mental health Its pages are a treasure trove of insights and knowledge regarding mental well being Over the years it has cemented its reputation as a reliable source for expert guidance boasting contributions from esteemed mental health professionals across India

Pillars of Social Psychology Saul Kassin,2022-09-15 First person accounts from legendary social psychologists their riveting stories reflections on the past and predictions about the future
