**Republic of Lies** Anna Merlan, 2024-03-26 An engrossing assessment of the profitable mainstreaming of conspiracy mongering in civic and political life A lucid look at a slippery topic Kirkus Reviews American society has always been fertile ground for conspiracy theories but with the election of Donald Trump previously outlandish ideas suddenly attained legitimacy Trump himself is a conspiracy enthusiast From his claim that global warming is a Chinese hoax to the accusations of fake news he has fanned the flames of suspicion But it was not one man alone who gave these ideas increased power Republic of Lies looks beyond the caricatures of conspiracy theorists to explain their tenacity Without lending the theories validity Anna Merlan gives a nuanced sympathetic account of the people behind them across the political spectrum and the circumstances that helped them take hold The lack of a social safety net inadequate education bitter culture wars and years of economic insecurity have created large groups of people who feel forgotten by their government and even besieged by it Our contemporary conditions are a perfect petri dish for conspiracy movements a durable permanent elastic climate of alienation and resentment All the while an army of politicians and media figures have peddled fear to serve their own ends Bringing together penetrating historical analysis and gripping on the ground reporting Republic of Lies transforms our understanding of American paranoia A captivating book that illuminates the landscape of conspiracy theories and what they might say about society as a whole New York Magazine

**Beyond Esoteric** Brad Olsen, 2025-01-01 Nothing in this world works the way you think it does there is always more to the story Be aware that there is a war for your mind and your soul Corporations have taken over governments in a new form of Fascism that now incorporates high technology and artificial intelligence The survival of the human race may depend on breaking the Embargo of truth and collectively developing an berMind But truth always resonates Beyond Esoteric takes off the kids gloves and exposes the control grid extending its tentacles across the planet The word occult means nothing more than to study the realm of the hidden So much of real knowledge and wisdom is disguised because the people who run the planet feel that true information of how the world works and how to manifest reality is something you do not need to know Everything we think we know about the world and the universe in which we live whatever we have been led to believe concerning the course of human history could very well be completely wrong distorted and misinformed The 19th century teachers of the occult could never have imagined The Ultimate Journey of the 21st century we now face one that extends far Beyond Esoteric

**State of Emergency** Chinedu Nnadi, 2025-08-12 The morning the skies went black over New York Chicago and Los Angeles America changed forever In the aftermath of the most devastating coordinated terrorist attacks in U S history President Grant invokes sweeping emergency powers postponing elections indefinitely deploying the military to control civilian life and promising the public that safety will return eventually But as

tanks roll through the streets and dissent is crushed in the name of national security a different story begins to emerge Ethan Cole a veteran constitutional lawyer has seen presidents bend the law But this this feels like the death of the Republic When he receives classified evidence suggesting the attacks were orchestrated from within he s drawn into a dangerous alliance with Claire Monroe a Homeland Security agent whose faith in the system has been shattered Every move they make is tracked Every call every email every whispered conversation risks exposure Former friends may be informants and those who speak out vanish without a trace As martial law tightens its grip and the country teeters on the edge of authoritarian rule Ethan and Claire race to uncover the truth and ignite a resistance knowing that one wrong step could brand them as traitors and seal the nation s fate forever The line between patriot and enemy has never been so thin And in the new America truth itself has become the most dangerous weapon of all
