**Lost States** Michael J. Trinklein,2014-06-03 This is American history they don t teach you in class Discover the fascinating funny stories of the states that never were from Texlahoma to West Florida The New Yorker Everyone knows the fifty nifty united states but what about the hundreds of other statehood proposals that never came to pass Lost States is a tribute to such great unrealized dreams as West Florida Texlahoma Montezuma Rough and Ready and Yazoo Some of these states came remarkably close to joining the Union Others never had a chance Many are still trying Consider Frontier legend Daniel Boone once proposed a state of Transylvania in the Appalachian wilderness His plan was resurrected a few years later with the new name of Kentucky Residents of bucolic South Jersey wanted to secede from their urban north Jersey neighbors and form the fifty first state The Gold Rush territory of Nataqua could have made a fine state but since no women were willing to live there the settlers gave up and joined California Each story offers a fascinating glimpse at the nation we might have become along with plenty of absurd characters bureaucratic red tape and political gamesmanship Accompanying these tales are beautifully rendered maps detailing the proposed state boundaries plus images of real life artifacts and ephemera Welcome to the world of Lost States *The Michigan Journal* ,2012
