SOCRATES declared that his work in life was to help the growing mind to express its ideas By skilful questioning he first learned his pupil s point of view then by raising equally skilful objections he compelled the young mind to defend itself and so deliver its full message Thus was born into full life among the Greeks the method which is now the pride of what we call the New Education And thus was outlined a philosophy which Henry Ward Beecher summarised in these words Find out the way God is going and then go in that way The best thought of our time recognises this philosophy as the essence of wisdom in all our relations with life The fundamental fact about the universe is that Godisresident in it forwarding its evolution The fundamental fact in regard to human life is that the soul is immanent in it demanding expression All philosophical and practical endeavour must take account of the fact that the conditions which enable God and the soul to come forth are secondary in importance God and the soul stand first The adjustment is not to the rhythm of the external or educational process but to the power within the quickening life which attracts the conditions essential to evolution God is to be judged not by the passing event which may inadequately reveal him but by what he is making of and through the universe during all the ages The soul cannot be truly understood by this or that deed alone which may even misrepresent the true man but by its life as a whole when seen from the point of view of motive individuality The outward expression must ever be imperfect since the soul unceasingly presses forward The real is what man would be The actual is apparent only and like all appearances is partia

Magic is the activation of codes of consciousness capable of collapsing time These codes exist in all humans in a field of energy and power called the super conscious or the gold mind This book is the New Spirituality carrying the New Myth of Awakening and the Awakened Because the Truth is this You are wired for magic Thriving is your natural state And genius is in your bones You ve just been running your great godly power through a tiny cramped low voltage energy management system that was never built to handle the demands of a genius giant like you It s like trying to light up all of Los Angeles on a single generator Hello lights off most of the time Blindness Stumbling around in the deep shadows thinking something is terribly wrong with your generator There s nothing wrong with it It just needs to be replaced with a Universal Power Management System which you already have all wired up and connected and in place you just gotta be told where the switch is And then Magic is inevitable And I do mean magic What any typical human would consider impossible miraculous and totally inexplicable You know like the way a Neanderthal would feel about an iPhone Because magic is not a mystery It s a spiritual science And I m here to teach it to you And why does the world need ANOTHER book on manifestation exactly Yes I ve heard of a little no name piece of work called The Secret The one that s right up there with the BIBLE in terms of global sales and impact and that s ALL ABOUT manifestation and features people WAY MORE POPULAR AND WELL KNOWN than I who are considered the world s EXPERTS on this very subject So HOW EXACTLY do I expect to hold a candle to THAT I m so glad you asked So just to kinda summarize your position which is completely understandable by the way You re saying there are these spiritual giants roaming the land of manifestation and who am I to go up against them Do I have that right Cool So lemme tell you this story maybe you ve heard it About David and Goliath Where Goliath was the giant Who was terrorizing the Israelites And every day he d lumber his huge terrifying self out onto the battlefield and dare someone to face him in single combat But hello He was a fucking giant And they were all just humans So even Saul the KING of Israel was like hmmm No thanks So this went on for forty days Then one day a little shepherd boy named David who was bringing food to his brothers heard about all this hullabaloo and was like Jesus Christ well not yet This is still Old Testament times but you get the point I ll do it Saul offered David his armor and David was like Hey thanks Saul King of Israel who s supposed to be doing this but isn t because you re too scared I m cool I have my SLINGSHOT And he went out into the field swung that fucker around hit Goliath right in the center of his forehead so ummm in this THIRD EYE and down that great and terrifying giant went And then a little later that no name shepherd boy became King The subtitle of this book isn t called Magic and the Takeover of Consciousness for nothin I know what I m up against And I know exactly where to aim my shot And I know that when you see that beautiful philosopher s stone of the truth of consciousness travel its most arresting arc through the air of spiritual intelligence and hit the giants of manifestation right in their third eye which is totally blind your third eye will FLY

OPEN and that Will be the end of that Because the truth there s a dirty secret no one s talking about in the world of spiritual transformation self help and the way manifestation is being taught None of it really works all that well and even the inner circle of spiritual gurus can t manifest on demand I m here to change that for you **A Book of Secrets, with Studies in the Art of Self-Control** Horatio Willis Dresser,2017-08-20 *Universal Secrets of Telecosmic Power* Norvell,1977-01-01 *Top Secrets* Terri Rogers,1998-10 *A Book of Secrets, with Studies in the Art of Self-Control - Scholar's Choice Edition* Horatio Willis Dresser,2015-02-08 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Little Black Book of Secrets** ,199?
