## **The Truth Neil Strauss:**

**The Truth** Neil Strauss, 2014-06-05 From the author of the blockbuster best seller *The Game* A shockingly personal surprisingly relatable brutally honest memoir in which the celebrated dating expert confronts the greatest challenge he has ever faced monogamy and fidelity Neil Strauss became famous to millions around the world as the author of *The Game* a funny and slyly instructive account of how he transformed himself from a scrawny insecure nerd into the ultra confident ultra successful pickup artist known as *Style* The book jump started the international seduction community and made Strauss a household name revered or notorious among single men and women alike But the experience of writing *The Game* also transformed Strauss into a man who could have what every man wants the ability to date and or have casual sex with almost every woman he met The results were heady to be sure But they also conditioned him to view the world as a kind of constant parade of women sex and opportunity with intimacy and long term commitment taking a back seat That is until he met the woman who forced him to choose between herself and the parade The choice was not only difficult it was wrenching It forced him deep into his past to confront not only the moral dimensions of his pickup lifestyle but also a wrenching mystery in his childhood that shaped the man that he became It sent him into extremes of behaviour that exposed just how conflicted his life had become And it made him question everything he knew about himself and about the way men and women live with and without each other He would never be the same again

**The Truth** Neil Strauss, 2015-10-13 This is not a journey that was undertaken for journalistic purposes It is a painfully honest account of a life crisis that was forced on me by my own behavior and its consequences As such it requires sharing a lot of things I m not proud of and a few things I feel like I should regret a whole lot more than I actually do Because unfortunately I am not the hero in this tale I am the villain So begins Neil Strauss s long awaited follow up to *The Game* the funny and slyly instructive work of immersive journalism that jump started the international seduction community and made Strauss a household name revered or notorious among single men and women alike In *The Truth* Strauss takes on his greatest challenge yet Relationships And in this wild and highly entertaining ride he explores the questions that men and women are asking themselves every day Is it natural to be faithful to one person for life Do alternatives to monogamy lead to better relationships and greater happiness What draws us to the partners we choose Can we keep passion and romance from fading over time His quest for answers takes him from Viagra laden free love orgies to sex addiction clinics from cutting edge science labs to modern day harems and most terrifying of all to his own mother What he discovered changed everything he knew about love sex relationships and ultimately himself Searingly honest and compulsively readable *The Truth* just may have the same effect on you If *The Game* taught you how to meet members of the opposite sex *The Truth* will teach you how to keep them
