Buildings and Structures of American Railroads Walter Gilman Berg, 1893 *The Many Lives of the First Emperor of China* Anthony J. Barbieri-Low, 2022-08-09 Tyrant or national hero An interdisciplinary exploration of China's First Emperor Ying Zheng founder of the Qin empire is recognized as a pivotal figure in world history alongside other notable conquerors such as Alexander the Great Genghis Khan and Julius Caesar His accomplishments include conquest of the warring states of ancient China creation of an imperial system that endured for two millennia and unification of Chinese culture through the promotion of a single writing system Only one biased historical account written a century after his death in 210 BCE narrates his biography Recently however archaeologists have revealed the lavish pits associated with his tomb and documents that demonstrate how his dynasty functioned Debates about the First Emperor have raged since shortly after his demise making him an ideological slate upon which politicians revolutionaries poets painters archaeologists and movie directors have written their own biases fears and fantasies This book is neither a standard biography nor a dynastic history Rather it looks historically at interpretations of the First Emperor in history literature archaeology and popular culture as a way to understand the interpreters as much as the subject of their interpretation *China and the Global Media Landscape* Gabriele Balbi, Jiang Fei, Giuseppe Richeri, 2019-07-25 In the last decade the Chinese media have imposed themselves in the global arena and have started to become a reference point in business and cultural terms for other national media systems This book explores how the global media landscape was changed by this revolutionary trend and why and how China is now playing a key role in guiding it It is on the one hand a book on how the Chinese media system continues to take inspiration and to be shaped or remapped by American European and Asian media companies and on the other a volume on the ways in which recent Chinese media's going out strategy is remapping the global media landscape Organised into two sections this book has eight chapters written by American Chinese and European scholars Focusing on different markets such as the movie industry the press broadcasting and the Internet different regions and different actors from Donald Trump to the Tanzania Zambia Railway to journalists this book provides a fresh interpretation on the main changes China has brought to the global media landscape **America**, 1913 The Jesuit review of faith and culture Nov 13 2017 *Markets of the United*

 Frick,2008 Examining Nixon s autobiographies and political memorabilia Frick offers far reaching perceptions not only of the
 man but of Nixon s version of himself contrasted with those who would interpret him differently He cites reinventions of
 Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience
 of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon s state funeral
 at which Bob Dole s eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him
 rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of
 illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial
 cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s
 probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements
