Rethinking Islamic Modernism Maria-Magdalena Pruss,2026-03-10 Over the course of the late nineteenth and early twentieth centuries Muslim modernist thinkers and writers in South Asia demanded a reconciliation between Islam and European thought in response to a perceived crisis of Islam In the ensuing modernist movements newly founded voluntary associations and their lay members played a crucial role in popularizing and disseminating modernist ideas on the ground transforming definitions of both religious identity and community in the process Through an in depth and multifaceted historical analysis of one of the foremost Muslim associations of colonial North India the Society for the Defence of Islam Anjuman i Himayat i Islam established 1884 in Lahore Maria Magdalena Pruss proposes a nuanced understanding of Islamic modernism as a mode of thought highlighting its internal diversity and complex development over a period of more than sixty years The evolution of this influential association reveals the role and work of lay people who are shown to be a highly active force in defining and redefining

Muslim religious identity through social and educational reform community welfare initiatives polemical and apologetic publications and debates both within and outside the Muslim community as well as anti colonial and nationalist activism Turning the spotlight away from religious scholars and drawing from extensive previously untapped local archives and vernacular source materials Rethinking Islamic Modernism uncovers alternative and localized genealogies of Islamic modernism and makes a compelling argument for taking modernism seriously as a religious tradition in its own right

Enlightenment in the Colony Aamir R. Mufti,2009-01-10 Enlightenment in the Colony opens up the history of the Jewish question for the first time to a broader discussion one of the social exclusion of religious and cultural minorities in modern times and in particular the crisis of Muslim identity in modern India Aamir Mufti identifies the Hindu Muslim conflict in India as a colonial variation of what he calls the exemplary crisis of minority Jewishness in Europe He shows how the emergence of this conflict in the late nineteenth century represented an early instance of the reinscription of the Jewish question in a non Western society undergoing modernization under colonial rule In so doing he charts one particular route by which this European phenomenon linked to nation states takes on a global significance Mufti examines the literary dimensions of this crisis of identity through close readings of canonical texts of modern Western mostly British literature as well as major works of modern Indian literature in Urdu and English He argues that the one characteristic shared by all emerging national cultures since the nineteenth century is the minoritization of some social and cultural fragment of the population and that national belonging and minority separatism go hand in hand with modernization Enlightenment in the Colony calls for the adoption of secular minority and exilic perspectives in criticism and intellectual life as a means to critique the very forms of

marginalization that give rise to the uniquely powerful minority voice in world literatures The Mongols in Iran Judith Kolbas,2013-10-11 This book explores the administration of Iran under Mongol rule through taxation and monetary policy A consistent development is evident only from abundant numismatic material from the conquest of Samarqand by Chingiz Khan to the reign of the penultimate ruler Uljaytu In many cases the individuals responsible for initiating and conducting the policies can be identified from the histories or remarks of the mint master The structure of the empire is clearly demarcated by mint production coin styles and type of metal This illuminates many controversial historical points such as the meaning and function of an Il khan and the establishment of the Toluid dynasty under Hulagu The Mongols broke the crust of an inflexible and archaic Islamic monetary tradition that had hampered economic development by encouraging extensive trade and the sciences especially astronomy and higher mathematics through determined and always pragmatic programmes

Pitman's Journal of Commercial Education ,1911 **From the Seams of History** Bharati Ray,1995 The ten essays which make up the body of this book are drawn from a wide variety of disciplines and weave a complex pattern of the experiences of women Beginning with the debate on widow remarriage in Bengal and Haryana the book moves on to examine how the new attire of the Bengali gentlewoman in the nineteenth century was tailored according to the values and anxieties of their dominant male counterparts One essay takes the argument of male domination further and points out that male oppression in Indian society was in fact remarkable similar to that of the colonial masters The remaining essays are concerned with the role of education in reinforcing the value system of the larger society the questioning of socially legitimized assumptions the organized militancy of the peasant women of Bihar and the marginalization of women in the economic sphere **Educational Guide of Pakistan** ,2003 **The Illustrated Weekly of India** ,1982 **Catalogue of Library Books, June 1980** Pakistan.
