Basketball Sponsorship Letters:

Money for Nothing John Gillespie, David Zweig, 2010-01-12 A Bank of America director questioned the CEO's 76 million pay package in a year when the bank was laying off 12,600 workers and found herself dropped from the board without notice a few months later. According to their employment agreements approved by boards, 96 percent of large company CEOs have guarantees that do not allow them to be fired for cause for unsatisfactory performance, which means they can walk away with huge payouts and 49 percent cannot be fired even for breaking the law by failing in their fiduciary duties to shareholders. The General Motors board gave CEO Rick Wagoner a 64 percent pay raise to 15.7 million in 2007 when the company lost 38.7 billion. The company went bankrupt two years later at a cost of 52 billion to shareholders and another 13.4 billion to all taxpayers. If you own stock and 57 million U.S. households, do every cent of these outrages come out of your pocket thanks to boards of directors who are supposed to represent your interests. Every customer, employee, and taxpayer is also being hurt and American business is being imperiled. In the most recent economic collapse, almost all attention has focused on the greed, recklessness, or incompetence of CEOs rather than the negligence of boards who ought to be held equally, if not more accountable, because the CEOs theoretically work for them. But the world of boards has become an entrenched insiders club, virtually free of accountability or personal liability. Too often, corporate boards act as enabling lapdogs rather than trustworthy watchdogs costing us trillions. **Money for Nothing** exposes the glaring flaws in this dysfunctional system, including directors who are selected by the CEOs they are meant to hold accountable, compensation consultants who legitimize outrageous pay, accountants and attorneys who see no evil, legal vote buying, rampant conflicts of interest, and much more. Using their extensive original reporting and interviews with high-level insiders, John Gillespie and David Zweig, both Harvard MBAs with thirty-plus years of Fortune 100 experience at investment banks and media companies, expose what happened or failed to happen in the boardrooms of companies such as Lehman Brothers, General Motors, Bear Stearns, and Countrywide and how it has resulted in so much financial devastation. They reveal how the byzantine yet indestructible web of power and money has brought on collapse after collapse with fig leaf reforms that feebly anticipate last year's scandal but never next year's. **Money for Nothing** shows how the game is played and how you can help to demand real change in a badly broken system.

The Complete Sales Letter Book Rhonda Harris, Ann McIntyre, 1998-03-02 Hundreds of ready-to-use model letters for handling various sales situations. Aimed at the busy sales rep, each letter can be used as it is or can be quickly modified to suit. The chapters follow the progression of the sales cycle. *How To THRIVE in Sales & Never Make Another Cold Call* Shane Nichols, 2024-02-08 YOU WILL BURN YOURSELF OUT FOREVER. LIMIT YOUR POTENTIAL. ALWAYS DREAD MONDAYS AND NEVER GET RICH IF COLD CALLING IS YOUR ONLY STRATEGY FOR FINDING NEW BUSINESS. And if you can invest a tiny amount of time and read my book here's what I promise you: You'll realize new business development due to various factors, mainly because of increased competition now requires more effort than in the

past and cold calling on its own won't get you to your goal See Chapter 2 You will also realize that getting a high value prospect's attention now requires marketing and specialized effort smart employers recognize this and are adapting See Chapter 4 How Those smart employers invest in lead generation marketing and if you work for one who doesn't whose sole NBD strategy is to hire more salespeople and make more cold calls eventually their growth will stall or slow to a trickle And they'll have an increasingly tough time attracting and keeping talented people like you See Chapter 10 If you don't work for someone who invests in lead generation it's okay don't panic You can learn how to generate your own leads and develop valuable skills that will turn you into a selling assassin for the rest of your life and reading this book is a good start See Chapter 11 Also you will discover at least one new book I mentioned several that had a big impact on me that will end up having a big impact on your future See Chapter 20 Just imagine you will go from cold calling to following up or responding to client inquiries While also positioning yourself as not just another salesperson but as an authority in your field You will not spend any of your precious time prospecting rather you will be implementing and testing different marketing campaigns And most importantly you will have more time to dazzle those clients already willing to meet with you and existing customers which represents your greatest source of growth and profit
