Bateman and Snell's *Management: Leading & Collaborating in a Competitive World* is a text with a fully modernized functional approach. This text is maintaining the four traditional functions of planning, organizing, leading, and controlling while modernizing and re-visioning the concepts as delivering strategic value, building a dynamic organization, mobilizing people, and learning and changing. Bateman Snell results-oriented approach is a unique hallmark of this textbook. In this ever more competitive environment, there are five essential types of performance on which the organization beats, equals, or loses to the competition, which are cost, quality, speed, innovation, service, and sustainability. These six performance dimensions, when done well, deliver value to the customer and competitive advantage to you and your organization. Throughout the text, Bateman Snell remind students of these five dimensions and their impact on the bottom line with marginal icons contributing to the leadership and collaboration theme, which is the key to successful management. People working with one another rather than against is essential to competitive advantage.

Bateman, Scott Snell, 1999 Although this revised edition of the text takes a traditional functional approach to management, it is organized around four modern themes: cost, quality, speed, and innovation.

Management Thomas S. Bateman, Scott A.

Snell, 2005-11 Bateman and Snell have consistently discussed and explained the traditional functional approach to management through planning, delivering strategic value, organizing, building a dynamic organization, leading, mobilizing people, and controlling, learning, and changing. Management Leading Collaborating in a Competitive World retains its series of firsts: first to have a chapter on diversity, first to devote a section to the natural environment, and first to relate a bricks and clicks theme to explain the challenges of managing in a New Economy. This new edition is no exception with an emphasis on leadership and collaboration as a means to success. To survive competition and thrive in today's world, you must perform in

ways that give you an edge over your competitors Four essential performance dimensions cost quality speed and innovation when well done deliver value to the customer and competitive advantage to students and their employers In the new Seventh Edition of Management Leading Collaborating in the Competitive World Bateman and Snell go a step further to discuss the advantages of leadership and collaboration as two essential means to these four bottom line practices that successful managers and companies must deliver to their customers This leadership and collaboration theme is the key to successful management People working with one another rather than against is essential to competitive advantage By reinforcing these new business practices in context with the functional approaches the authors deliver a unique theme among all principles of management texts how to manage lead and collaborate in ways that deliver results **Management** Thomas S.
