Beating The Street:

Beating the Street Peter Lynch, John Rothchild, 1994-05-25 Peter Lynch explains his own strategies for investing and offers advice for how to pick stocks and mutual funds to assemble a successful portfolio

Defeat the Enemy Within, 2004-10 He's hunted Soviet submarines, walked the corridors of power in Washington, helped create government agencies, and has done business in foreign capitals. Now Dr. Charles Skillas applies the same technology principles to unmask the real sources and causes of subconscious sabotage where the terms defense, intelligence, and foreign attachment take on very different meanings. Using his own life and healing as an example, Dr. Skillas deftly transfers his defense technology background to his new career of clearing the submerged minefields of the psyche. **Defeat The Enemy Within** shows you how to find help to finally resolve long-standing problems that have resisted solution, why traditional therapy doesn't usually work for long-term solutions, what you must do for permanent change. Dr. Skillas draws on his defense industry background and 23 years experience as a hypnotherapist to blend traditional hypnotherapy, past life regression, spirit attachment, Chinese herbal and energetic medicine, and the underlying wisdom of diverse world cultures to banish the inner shadows that keep you in misery.

One Market Under God Thomas Frank, 2001-09-18 In a book that has been raising hackles far and wide, the social critic Thomas Frank skewers one of the most sacred cows of the go-go 90s: the idea that the new free market economy is good for everyone. Frank's target is market populism, the widely held belief that markets are a more democratic form of organization than democratically elected governments. Refuting the idea that billionaire CEOs are looking out for the interests of the little guy, he argues that the great euphoria of the late nineties was never as much about the return of good times as it was the giddy triumph of one America over another. Frank is a latter-day Menckens as readers of his journal *The Baffler* and his book *The Conquest of Cool* know. With incisive analysis, passionate advocacy, and razor-sharp wit, he asks where we are headed and whether we're going to like it when we get there.

The Escape Artists Noam Scheiber, 2012-02-28 **FACING THE WORST ECONOMY SINCE THE 1930S: PRESIDENT BARACK OBAMA HIRED A CRACK TEAM OF ESCAPE ARTISTS** financial wizards who had pulled off numerous white-knuckle getaways during the Clinton era and who were ready to do it all over again. Three years later, with the economy still in a rut, it's clear that they fell far short. This is the inside story of what went wrong. *The Escape Artists* features previously undisclosed internal documents and extensive original reporting from the highest levels of the administration. Star White House journalist Noam Scheiber reveals the mistakes and missed opportunities that kept the president's pedigreed team from steering the economy in the right direction. He shows what responsibility the president bears for those missteps, what bold actions his brain trust refused to take despite its preternatural confidence, and how the White House was regularly outmaneuvered by Republicans in Congress. Tracking the administration's efforts deep into the fall of 2011, *The Escape Artists* provides a gripping look inside the meeting rooms, in boxes and minds of the men who tried to manage the defining crisis of the Obama presidency: how the very qualities

that made these men and women escape artists in the 1990s ultimately failed them THREE YEARS INTO THE OBAMA PRESIDENCY THE UNEMPLOYMENT RATE WAS PAINFULLY HIGH THE GAP BETWEEN RICH AND POOR HAD WIDENED AND THE STIMULUS HAD NOT DONE ENOUGH TO BRING JOBS BACK WHAT WENT WRONG A PRESIDENT WITH OTHER PRIORITIES Barack Obama hadn't run for president just so he could clean up someone else's mess however urgent the task He'd run for president to usher in once in a generation achievements like health care reform to change the trajectory of America Timothy Geithner remarked to President elect Obama that your signature accomplishment is going to be preventing a Great Depression Obama's response was slightly jarring That's not enough for me he said It dawned on Geithner that he and his colleagues were a sideshow rather than the main attraction If you don't do that nothing else is possible Geithner protested Yeah Obama repeated but that's not enough AN ECONOMIC TEAM RELUCTANT TO TAKE BOLD ACTION David Axelrod was preparing Christina Romer Obama's chief economist for a Sunday talk show Many experts were voicing doubts about the size of the original package and so Axelrod asked Was the stimulus big enough Without hesitating Romer responded Absolutely not She said it half-jokingly Axelrod did not seem amused AND A BRAIN TRUST THAT BELIEVED IT KNEW BETTER It was the worst of all worlds for the Obama administration a country that took one look at the languishing economy and another at the recovery on Wall Street and concluded that its government had put big banks ahead of ordinary people Generously the S P officials didn't point out any of this Instead the leader of the group confessed that the agency was mostly concerned about the prospects for bipartisan compromise At this Geithner became dismissive His message was unmistakable TRUST US WE'VE DONE THIS BEFORE **The Englishwoman**, 1917 **The Magazine of History**, 1930
