Today Panthapath Afran Rahman, Samiul Kazi, *Today Panthapath* *Thinking Through Teaching* Susan Hart, 2013-12-19
This work offers a challenging approach to enhancing children's learning through a process of reflective analysis called innovative thinking. Using practical examples drawn from a variety of learning contexts, the author provides a framework for reviewing and reflecting on classroom experience, focusing particularly on those aspects of teaching and learning that are surprising, puzzling, or worrying. It outlines a series of steps that should help teachers generate new ideas and practical strategies to guide the development of their work, offers an approach which emphasizes strategies that can be incorporated into teachers' work with the whole class, and to the potential benefit of all children, and illustrates how innovative thinking can assist teachers in enhancing the learning and inclusion of individual children whose classroom responses give cause for concern.

An Assyrian - Dream the Mirza Family Story Julius W. Mirza, 2012. This is the story of a young boy Julius W. Jay Mirza, born into a Christian Assyrian family living in a Muslim nation, who emigrates from Iran. He and his little brother must leave the bosom of their loving family to seek an education in a foreign country in order to live a better life, a life of both personal responsibility and freedom. He must enter a British boys' school in India without any knowledge of the English language. He will not see his family but once in six years. After graduation, his education takes him first to England, then America, where he graduates with a degree in Architectural Engineering. The heart-wrenching sacrifices of his parents for their son's education find full reward in Jay's success in life, his architectural practice, his family, his home, and his community involvement. This is a story of an immigrant to America for whom, with hard work and dedication, the American dream came true.
