Perspectives on Gender in Early Childhood Tamar Jacobson, 2011 Academic essays on gender issues in early childhood by a diverse group of contributors

Child Development Gabrielle F. Principe, Laura E. Berk, 2000 Readers are provided with an especially clear and coherent understanding of the sequence and underlying processes of child development and the effective topical organization emphasizes to readers the way in which all of the domains of development relate physical cognitive emotional and social throughout the book Berk revised the book offering readers a heightened emphasis on the interplay between biology and environment expanded coverage of culture and an enhanced focus on education health and social issues While carefully considering the complexities of child development Berk presents classic and emerging theories in an especially clear engaging writing style with a multitude of research based and real world examples For anyone working with children or those in the fields of child development child psychology and childcare

Early Childhood Development Bilal Iqbal Avan, 2008 Despite the wide array of theoretical frameworks and research in the discipline of child development there is a dearth of guidance to implement that knowledge in real world settings This book nicely bridges the gap between theory and practice and successfully presents the integration of psychology sociology and public health of early childhood development in the much needed cross cultural context of the developing countries The book takes this interdisciplinary approach a step further and provides a detailed account to conceptualise and implement community based programmes to achieve optimal early childhood development The text is developed on the belief that organised effort to

ensure a better future for our children requires a basic understanding of principles of their growth and development and skills to scientifically observe them
