Bespoke Environmental Permit Application:

Environmental Law for Sustainable Construction Francine Baker, Jennifer Charlson, 2023-09-25 Environmental Law for Sustainable Construction gives a practical overview of key areas of environmental law as it affects the construction sector. It is suitable for a broad range of practitioners in the architecture, engineering and construction industry who require a clear reference to help navigate the complexity in this area of law. *Manual of Environmental Management* Adrian Belcham, 2014-09-25 Manual of Environmental Management is a practical guide for those involved in the control and reduction of environmental impacts in organisations. This comprehensive and practical guide takes you through the main environmental challenges organisations face and the improvement strategies used to manage them. Chapter by chapter Manual of Environmental Management discusses the fundamental issues and principles surrounding environmental policy, law and management and provides crucial information on how to respond and implement environmental programmes. This book is the perfect reference tool for the environmental professional and an invaluable study text for those preparing for professional examinations such as the NEBOSH Environmental Diploma and IEMA Associate Membership Exam. **OECD Environmental Performance Reviews: United Kingdom 2022** OECD, 2022-06-22 Over the past decade the United Kingdom has reduced several environmental pressures while growing its economy. Ahead of its presidency of the 2021 UN Climate Change Conference of the Parties it has led the way by raising its national ambition. However, air pollution, deteriorating natural assets and missed biodiversity targets are all concerns. **Environmental Management in Organizations** John Brady, Alison Ebbage, Ruth Lunn, 2013-04-15 Environmental issues can present some daunting operational concerns for all types of organization, whether in the private, public and voluntary sectors. Managing them requires environmental professionals with a working knowledge of the rapidly developing body of regulatory measures. This new edition of Environmental Management in Organizations provides all the management tools, performance measures and communication strategies that organizations need to manage their environmental responsibilities effectively. Leading experts on each topic provide focused explanations and clear practical guidance, as well as setting out the context and the key environmental and management drivers. This edition significantly updates the original handbook to take account of developments in the environmental agenda, including new dedicated chapters on climate change, energy, transport, biodiversity and chemicals. Published with IEMA. **Wolf and Stanley on Environmental Law** Susan Wolf, Neil Stanley, 2013-10-23 Written with real clarity by authors teaching and researching in the field, Wolf and Stanley on Environmental Law offers an excellent starting point for both law and non-law students encountering this diverse and rapidly developing subject for the first time. The focus of the book is on the regulation and control of pollution and includes chapters on environmental permitting, waste management, air and water pollution and contaminated land. The book also includes the administration and enforcement of environmental law, EU environmental law, the environmental torts and the private

regulation of environmental law The book is supported by a range of learning features designed to help students Consolidate your learning Chapter learning objectives and detailed summaries clarify and highlight key points Understand how the law works in practice Law in Action features demonstrate the application of pollution control law Plan your research Detailed end of chapter further reading sections outline articles books and online resources that provide next steps for your research This sixth edition has been updated and revised to take into account recent developments in the subject including coverage of the Environmental Permitting England and Wales Regulations 2010 developments in the Environment Agency enforcement and sanctions policy documents updates relating to the defence of statutory authority in the tort of private nuisance and current issue relating to compliance with the Aarhus Convention Suitable for students of environmental law and the wider environmental studies Wolf and Stanley on Environmental Law is a valuable guide to this wide ranging subject
