Phonics Practice Compare Setup:

Reading Randomised Controlled Trials Robert Savage, Amy Fox, Anneka Dawson, Helen Gray, Clare Huxley, 2025-03-03
In early 2021/22 the Flexible Phonics reading intervention a large scale randomised controlled trial took place in 118 schools in England and involved nearly 3 000 children This study aimed to provide valuable insights into the success of largely school based education trials The Flexible Phonics trial proved to be not only an important experiment in improving children s literacy but a case study in which the methodology of single randomised controlled trials in education can be considered Reading Randomised Controlled Trials investigates the complexities of conducting randomised controlled trials in the field of education and how they can be seen as a cultural activity The book emphasises the human operations decision making and actions that drive such trials which are often overlooked in published reports Through the case study of Flexible Phonics the book highlights the key differences between scaled educational trials and other types of trials such as pharmaceutical trials The additional focus on early childhood literacy is of significant educational importance particularly in the context of UK school partial closures in 2020 and 2021 during the Covid 19 pandemic Reading Randomised Controlled Trials is ultimately a unique resource on the implementation of randomised controlled trials in authentic school contexts and for the sustained improvement of practice in education

Helping Young Children Learn Language and Literacy: Birth through Kindergarten Carol Vukelich, James Christie, Billie Jean Enz, 2024-06-03
Pre service and in service teachers get sound instructional strategies for teaching the language arts to young children from birth to kindergarten and enhancing their reading writing speaking and listening development in this unique book that places children at the center of all good language and literacy teaching This book is about teaching the language arts about facilitating young children s reading writing speaking and listening development In a very readable manner the book places children at the center of all good language and literacy teaching while focusing on four central themes that run throughout the book 1 The authors provide rich descriptions of two perspectives in children s language and early literacy learning emergent literacy and scientifically based reading research and equip early childhood teachers with the know how to use the instructional strategies supported by the research in both perspectives 2 The authors acknowledge and take into account the increasing diversity of our society and schools by providing numerous illustrations of how teachers can work effectively with diverse learners providing special features at the end of chapters that explain how to adapt instruction for English Language Learners and children with special needs and by providing information on the tools teachers can use to discover what each child knows and can do in order to build on that child s prior knowledge 3 The authors stress that assessment cannot be separated from good teaching and they describe strategies that teachers can use to understand children s language and literacy knowledge in the context of specific learning and teaching events while also focusing on today s increasingly important accountability function of assessment and standardized testing instruments 4 The authors acknowledge the importance of the family in young children s language and

literacy development and include descriptions of how early childhood teachers can connect with families and engage caregivers in their children's school or center

Researching Primary Education Rebecca Austin, 2016-05-16 How do we know what works in primary schools How do we make sure that we are always learning from fellow teachers always learning from the children we teach and always moving forward The answer lies in research In understanding conducting disseminating and learning from research But what do we mean by research and how do we do it This book is your guide to research in primary education It takes you through both important established theory and recent developments in research and explores what these mean right now for primary education and classroom settings It helps you to conceive conduct write up and share your research with others It looks at how you can access research findings to improve your classroom practice and deepen your understanding It examines how you can use research in your classroom everyday to continually enhance teaching and how you can shape and frame the questions you ask to help you get to the answers you need If you are a trainee teacher doing a research project as part of your course or a qualified teacher doing further study this text includes all the guidance you need If you are a teacher wanting to find out what works best for your class in your school right now this text will show you how to harness the power of small or large scale research to help you find the answer

CliffsNotes®

Praxis II®: Elementary Education (0011, 0012, 0014) Test Prep Jocelyn L. Paris, 2012 *Helping Young Children Learn Language and Literacy* Carol Vukelich, James F. Christie, Billie Enz, 2002 As a resource book designed for teachers of preschool and kindergarten students the text provides classroom strategies case studies classroom management techniques and home school connections to facilitate teaching the language arts Strategies for the bilingual classrooms are also included

Thinking Allowed Mick Waters, 2013-04-15 Mick Waters has consistently been a down to earth voice in the increasingly complex world of education for many years He has regularly endeared himself to school communities in the UK and overseas by talking the sort of sense they needed to hear practical challenging inspiring insightful engaging His unique perspective closeness to the classroom and ability to see innovation in terms of its impact on learners mean his views are always worth listening to In this long awaited book Mick tells it how it is The things he believes in The things he wants to see differently Wry reflections humorous insights astute asides and simple ideas to change the system and the future for young people everywhere This is the book you have been waiting for

Making Play Work in Early Years Settings Dawn Rigby, 2022-02-23 Making a play based curriculum work in early years settings Early Years practitioners have been advocating for play to be at the heart of early years for many years Now is the time to make this a reality Using in the moment planning child initiated play and other strategies this book supports early years practitioners to enable the children in their setting to choose what they do and how they want to learn Dawn Rigby shares her passion for a play based curriculum her own setting's journey what worked and the challenges faced along the way This practical book shares examples of good practice gives advice on how to make play the central focus of early years practice explores why a play based curriculum matters includes practical
