

Basic Introduction To Project Planning and Scheduling

A photograph of a building under construction, heavily encased in a complex network of metal scaffolding. The structure is set against a clear, bright blue sky. The scaffolding consists of numerous vertical and horizontal metal poles and cross-braces, creating a dense grid-like pattern around the building's form. The building's concrete or masonry walls are partially visible through the scaffolding. The overall scene conveys a sense of active construction and structural complexity.
