**Strategic Business Influencer** Paige Velasquez

Budde,2025-11-25 Don't just follow trends, become someone who shapes them. This essential guide offers a six-step approach to brand building and provides the tools for any leader to compete with giants, even with a small budget. Strategic Business Influencers may not be as famous as mainstream celebrities, but they are converting the intangible benefits of influence into significant impact on their revenue and profits. In an increasingly skeptical environment, these leaders build trust and credibility, previously reserved for big-name CEOs, and target precisely the right audience to build strong, scalable relationships with their customers, investors, employees, and partners. Zilker Media CEO Paige Velasquez Budde, a veteran marketer, entrepreneur, and speaker, walks leaders through her six-step process for aspiring Strategic Business Influencers, offering them a powerful, unified strategy to build big brands. Entrepreneurs, corporate leaders, and aspiring business owners alike will gain the tools to transform their professional image, discovering how to reinvent their brand by creating a compelling Influence ID and evaluating their current market image to ensure they stand out. Enhance their relationship management by developing high-touch relationships with customers and stakeholders to convert them into loyal advocates. Leverage today's digital tools by mastering the art of generating buzz through PR and content creation, using the many free or low-cost tools now available. Drawing on case studies from diverse industries, from regional banking to subfloor manufacturing, women's undergarments to tech software development, The Strategic Business Influencer will help you build undeniable leverage for a brand, no matter the industry. [Hands-On Artificial Intelligence on Amazon Web Services](#)

Subhashini Tripuraneni, Charles Song, 2019-10-04 Perform cloud-based machine learning and deep learning using Amazon Web Services such as SageMaker, Lex, Comprehend, Translate, and Polly. Key Features: Explore popular machine learning and deep learning services with their underlying algorithms; Discover readily available artificial intelligence (AI) APIs on AWS like Vision and Language Services; Design robust architectures to enable experimentation, extensibility, and maintainability of AI apps. Book Description: From data wrangling through to translating text, you can accomplish this and more with the artificial intelligence and machine learning services available on AWS. With this book, you'll work through hands-on exercises and learn to use these services to solve real-world problems. You'll even design, develop, monitor, and maintain machine and deep learning models on AWS. The book starts with an introduction to AI and its applications in different industries, along with an overview of AWS artificial intelligence and machine learning services. You'll then get to grips with detecting and translating text with Amazon Rekognition and Amazon Translate. The book will assist you in performing speech-to-text with Amazon Transcribe and Amazon Polly. Later, you'll discover the use of Amazon Comprehend for extracting information from text and Amazon Lex for building voice chatbots. You will also understand the key capabilities of Amazon SageMaker, such as wrangling big data, discovering topics in text collections, and classifying images. Finally, you'll cover sales forecasting with deep learning and autoregression, before exploring the importance of a feedback loop in machine learning. By the end of this book, you will have the skills you need to implement AI in AWS through hands-on exercises that cover all aspects of the ML.
