Early Access Deals Near Me:

The Real Deal Brendan Kelly, Simon Buckingham, 2010-12-29 Tired of working 9 to 5 for someone else just to make ends meet Looking for a path to financial freedom so that you can spend your time doing what you want to do For many savvy Australians property investing has lead to exactly that They have found an investing method suited to their own circumstances and turns a property dream into an income stream and in some cases an early retirement So how can you escape the daily grind and achieve the same results even if you ve never invested in property before The Real Deal is the only real estate book that takes you through an array of investment methods from negative and positive gearing to renovation subdivision commercial property and property development and everything in between shares the experiences of 14 real life everyday investors who have created wealth using these methods so you can see how they work in the real world teaches you how to set goals and provides the tools to stay motivated to achieve them helps you access the best investment approach for you in terms of time money level of difficulty and effort actually gets you on the road to financial freedom fast You ll learn how to make deals for quick profit deals that you can work on yourself and deals that you can pay others to look after for you The options are limited only by your own creativity

Videogames and Agency Bettina Bódi, 2022-12-30 Videogames and Agency explores the trend in videogames and their marketing to offer a player higher volumes or even more distinct kinds of player freedom The book offers a new conceptual framework that helps us understand how this freedom to act is discussed by designers and how that in turn reflects in their design principles What can we learn from existing theories around agency How do paratextual materials reflect design intention with regards to what the player can and cannot do in a videogame How does game design shape the possibility space for player action Through these questions and selected case studies that include AAA and independent games alike the book presents a unique approach to studying agency that combines game design game studies and game developer discourse By doing so the book examines what discourses around player action as well as a game s design can reveal about the nature of agency and videogame aesthetics This book will appeal to readers specifically interested in videogames such as game studies scholars or game designers but also to media studies students and media and screen studies scholars less familiar with digital games The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
