Hellenistic Relief Molds from the Athenian Agora Clairève Grandjouan, Eileen Markson, Susan I. Rotroff, 1989 Over 100 clay molds found between 1931 and 1977 in the fills within the three great Hellenistic stoas that once lined the Agora the Middle Stoa the Stoa of Attalos and the South Stoa are published in this book While the repertory of images that could have been cast using them comprising 25 subjects is relatively conventional the large size up to 30 x 60 cm makes their function a puzzle The author concludes that they must have been for the casting of cheap funerary substitutes at a time when a decree of Demetrios of Phaleron prohibited the building of costly burial monuments in Athens After the author's death in 1982 this volume was edited by Eileen Markson and Susan I Rotroff Marine Engineering Log ,1900 **Marine Engineering**

Unending Consumption Mike Van Esler, 2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home

video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today s corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest
