## United States: Discount Shopping

A discount shopping trip in the United States can be a real bonanza for visitors looking for top quality, designer brands and home accessories at significantly reduced prices. There are several national or regional store chains that carry real bargains. These are not ritzy, glamorous places to shop, like the upscale shopping malls, department stores and specialty stores.

In fact, some can have almost a  flea-market feel, especially during a big sale when hordes of shoppers pick through racks of clothing and toss items willy-nilly. These discount, or "off-price" retailers as they like to call themselves, usually have huge inventories overall, but may carry only limited quantities or sizes of particular items. Finding a great bargain in the right size and color is often hit or miss, but that can be part of the fun: Bargain shopping in the USA is considered almost a sport by some.

According to the retailers, they are able to offer substantial savings below department and specialty store prices through "opportunistic buying" – that is overstocks, samples, cancellations, closeouts or sometimes items with slight imperfections.
