Better Business Better Future Elisabet Lagerstedt,2022-01-01 An excellent read for entrepreneurs corporate business leaders board members and strategists aiming to future proof their business by integrating sustainability into the very core This book offers a way forward helps you understand the Sustainability Revolution and provides valuable insights into the journeys and strategic choices of sustainability trailblazers such as Patagonia Interface rsted Unilever IKEA Oatly and others Because you are not the first company to discover the potential in doing well by doing good or as William Gibson said The future is already here it s just not very evenly distributed Still many wicked problems urgently need innovative solutions Solutions that the world of business is particularly well equipped to address through the ingenuity creativity collaboration and resources that it can so often call forth more effectively and efficiently than other human organizations Here and now this requires a move beyond business as usual and a transformation into Better Business

The Art of Co-Creation Bryan R. Rill,Matti M. Hämäläinen,2018-08-20 This book illustrates how to design and implement co creation a powerful form of collective creativity that harnesses the potential of teams and can generate breakthrough insights Skilled leaders and facilitators can utilize this approach to unleash the creative potential of their organizations Drawing from years of applied research the authors bring together insights from the fields of design and organizational development into an evocative and pragmatic how to guidebook Taking a human centred rather than process oriented perspective the book argues that experience design separates true co creation from other forms of collective efforts and design thinking Collective moments of creative insight emerge from the space between an experience of flow and synchronicity from which new ideas spring forth How to create and hold this space is the secret to the art of co creation Collective breakthroughs require stakeholders to undergo a journey from the world of their existing expertise into spaces of new potential It requires leaders moving from a position of dominating space to holding the space for others and developing core capacities such as empathy and awareness so that teams can engage each other co creatively This book uncovers the secrets of this journey enabling process designers to develop more effective programs
