Sergi, Abdul Rahman Jaaffar, 2021-02-12 This book considers crucial changes to Malaysian economic areas and social well being The chapters cover diverse industries such as IT green technology retailing banking tourism and hospitality education logistics finance banking and many others Education and the Politics of Time Ronni Laursen, Miriam Madsen, 2026-01-07 Education and the politics of time temporal governance in teaching and learning explores how time its organization regulation and lived experience structures education across diverse contexts Organized into four thematic sections the book s 17 chapters offer critical analyses and vivid empirical accounts that expose the politics of time in education The first section the national and transnational politics of time shows how reforms and policy agendas impose particular temporal logics on education systems The second the politics of institutional time investigates how preschools schools and universities govern everyday life through calendars timetables and institutional rhythms The third the politics of teachers time examines how temporal pressures shape professional work identity and wellbeing The fourth the politics of students time traces how temporal expectations regulate students learning trajectories aspirations and everyday experiences Taken together these chapters reveal how the politics of time shape educational practices in contested ways and toward different ends With contributions from scholars based in Denmark Sweden Finland Australia Kenya Chile and the USA the volume situates local cases within wider global dynamics Rather than treating time as neutral the book insists on its political character showing how temporal norms structure identities possibilities and inequalities and how they might be reimagined *Professional Journal of the United States Army*, 2014-07 **Russia's Posture in Space** Marco Aliberti, Ksenia Lisitsyna, 2018-06-13 The book sheds new lights on the evolution of Russian space activities with a focus on their strategy of international cooperation This analysis is carried out in relation to the evolution of the domestic and international dynamics that have been impacting the country s direction in space with the ultimate goal of providing an assessment on their impact for current and foreseeable Europe Russia space relations Russia has traditionally been one of the two main strategic partners for Europe in its space endeavor Hitherto long standing cooperation has been nurtured between the two actors in various areas from scientific research to space transportation and human spaceflight In recent years however a number of endogenous and exogenous developments has triggered significant changes in Russia s

space posture These changes are evident in the adjustment of Russia's space policies and programmatic goals in the restructuring of the domestic space industry as well as in the attitude towards international space partnerships *Military Review*, 2014 **OSU Research Review**, 1964 **Knowledge, Technology Transfer and Foresight** A. Inzelt, R. Coenen, Reinhard Coenen, 1996-09-30 Proceedings of the NATO Advanced Research Workshop Budapest Hungary October 12-14 1995 **Space Manufacturing**, 1995 **Future Survey Annual**, 1995 At a Loss for Words Carol Off, 2024-09-03 AN INSTANT 1 NATIONAL BESTSELLER A HILL TIMES BEST BOOK 2024 Award winning author and broadcast journalist Carol Off digs deep into six words whose meanings have been distorted and weaponized in recent years including democracy freedom and truth and asks whether we can reclaim their value As co host of CBC Radio's As It Happens Carol Off spent a decade and a half talking to people in the news five nights a week On top of her stellar writing and reporting career those 25 000 interviews have given her a unique vantage point on the crucial subject at the heart of her new book how in these polarizing years words that used to define civil society and social justice are being put to work for a completely different political agenda Or they are being bleached of their meaning as the values they represent are mocked and distorted As Off writes If our language doesn't have a means to express an idea then the idea itself is gone even the range of thought is diminished And as she argues that's a dangerous loss In six wide ranging chapters Off explores the mutating meanings and the changing political impact of her six chosen words freedom democracy truth woke choice and taxes unpacking the forces from right and left that have altered them beyond recognition She also shows what happens when we lose our shared political vocabulary we stop being able to hear each other let alone speak with each other in meaningful ways This means we stop being able to reckon with the complexity of the crises we face leaving us prey to conspiracy theories autocrats and the machinations of greed At a Loss for Words is both an elegy and a call to arms The Chemical News and Journal of Physical Science, 1919 **Chemical News and Journal of Physical Science** William Crookes, James H.
