Spotify Update:

Spotify Teardown Maria Eriksson, Rasmus Fleischer, Anna Johansson, Pelle Snickars, Patrick Vonderau, 2019-02-19 An innovative investigation of the inner workings of Spotify that traces the transformation of audio files into streamed experience Spotify provides a streaming service that has been welcomed as disrupting the world of music Yet such disruption always comes at a price Spotify Teardown contests the tired claim that digital culture thrives on disruption Borrowing the notion of teardown from reverse engineering processes in this book a team of five researchers have playfully disassembled Spotify's product and the way it is commonly understood Spotify has been hailed as the solution to illicit downloading but it began as a partly illicit enterprise that grew out of the Swedish file sharing community Spotify was originally praised as an innovative digital platform but increasingly resembles a media company in need of regulation raising questions about the ways in which such cultural content as songs books and films are now typically made available online Spotify Teardown combines interviews participant observations and other analyses of Spotify's front end with experimental covert investigations of its back end The authors engaged in a series of interventions which include establishing a record label for research purposes intercepting network traffic with packet sniffers and web scraping corporate materials The authors innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use the company later threatened their research funding Thus the book itself became an intervention into the ethics and legal frameworks of corporate behavior

The Grave Keepers Elizabeth Byrne,2017-09-12 Lately sixteen year old Athena Windham has been spending all her spare time in her grave Her parents owners of a cemetery in Upstate New York are proud of her devoutness but her thirteen year old sister Laurel can t understand it Laurel hates her own grave It s so boring and chilly down there

She'd rather spend her time exploring the acres and acres of state forest that surround the Windhams property. The Windham girls lead pretty secluded lives; their older sister died in a tragic accident the year before Laurel was born, and their parents' protectiveness has made the family semi-infamous in their small town. As the new school year begins, the outside world comes creeping in. Athena, a professional high school loner, grapples with a newfound enemy and even more surprising her first best friend. And homeschooled Laurel, sheltered and shy, finds herself face to face with a runaway boy who's hiding out in an abandoned grave. All the while, a ghost hangs around the Windham house and cemetery, the only grave keeper never to cross over as far as she knows, messing with people's graves, turning the Windhams' lights off and on, spying on the sisters, and plotting how to keep the girls close to home and close to her forever. *The Grave Keepers* is a unique coming-of-age story from talented debut author Elizabeth Byrne.

Can't Fight It Smarty Pants Romance, Allie Winters, 2023-05-02. Mousy bookworm Psychology nerd. The kind of girl who constantly sticks her foot in her mouth. The last thing I am is the type to attract the intimidating motorcycle riding guy in the apartment next door. Especially when that mouth of mine gets me in trouble and he overhears me talk smack about him. So no one's more surprised than me when he shows up as a participant in the psych study I'm running on campus. Or when he generously offers me some much-needed self-defense lessons. Or when we grow closer than I thought possible. It turns out some people aren't at all what they seem at first glance. They can actually be everything you never knew you wanted in a man. The thing is, Austin Langford is so far out of my league it's laughable. Muscled boxers don't go for nobodies like me. I need to forget about this one-sided attraction. Even when it feels like I can't fight it. *Can't Fight It* is a full-length contemporary romance and can be read as a standalone. Book 3 in the *Lessons Learned* series. Educated Romance World Penny Reid Book Universe.
