John Polkinghorne the late professor of mathematical physics and priest wrote The idea of a ready made world was replaced by that of a creation so endowed by its Creator with potentiality that creatures could be allowed to make themselves Charles Kingsley through the explorations of evolutionary process The history of the world is to be understood as an unfolding act of continuous creation Such a creation is a great good but it has an inescapable shadow side for evolution results not only in great fertility but also in blind alleys and extinctions Genetic mutation produces both new life forms and also malignancy and one cannot have the one without the other Theology can find here some help from science as it wrestles with the perplexities of natural evil and suffering of Polkinghorne The University of Edinburgh 2009 Notably several scholars have come up with different arguments to criticize Darwin s evolution theory for instance Ernst Cassirer Vern Poythress with Interpreting Eden and Jaroslav Flegr in his book Frozen evolution that is not the way it is mr Darwin The present review is intended to bring more arguments in particular from recent development of nonlinear dynamics attributed to low temperature physics and its connection to cosmology

*The Greatest Treachery in Human History* Daniel Harran,2023-06-23 The initial goal of this book was to discover the ultimate purpose and meaning behind the abductions of human beings into UFOs the alarming reality of which is still hardly known to the public But as this study developed it led to a series of revelations which brought us to an unexpected interpretation of this phenomenon Indeed it became all too obvious that there was a connection between these abductions and the absurd path that today s human society is taking More and more measures are being implemented that are threatening the health well being and freedom of human beings the world over under the guise of security purposes Those responsible for this are not only our leaders but occult forces which are exposed in this book We were therefore led to unveil what we can indeed refer to as the greatest treachery in human history extremely powerful dark forces have been acting on Earth for a very long time unbeknownst to our population These forces identified in this book are directly interfering in the governance of our world and are directly opposed to the harmonious evolution of Humankind putting us all in grave danger This book sheds an unprecedented new light on how this all relates to the tragic events Humanity has been going through since 2020
