

ORGANIZATION DEVELOPMENT STRATEGY: Five Phases to Designing and Implementing

ENTRY

Exploring the problem, opportunities, or situation. Output is an engagement contract or project plan with expectations and agreement on scope.

DIAGNOSIS

The fact-finding phase. A data collection process where information is gathered, analyzed, and reviewed.

FEEDBACK

Exploring information for understanding, clarity, and accuracy. Output is an action plan that outlines the change solutions to be developed, and defined success indicators based on the information and data analysis.

SOLUTION

Correcting the problem, closing gaps, improving, or enhancing performance, or seizing opportunities. Output is a plan or suggested training course curriculum.

EVALUATION

Collecting data to determine if the initiative is meeting goals and achieving defined success indicators. Output is an evaluation report with recommendations for continuous improvement.

Organization Development Interventions And Strategies

William J. Rothwell, Roland L. Sullivan

Organization Development Interventions And Strategies:

Organization Development Donald L. Anderson, 2019-11-11 Organization Development The Process of Leading Organizational Change offers a comprehensive look at individual team and organizational change covering classic and contemporary organization development OD techniques Bestselling author Donald L Anderson provides students with the organization development tools they need to succeed in today's challenging environment defined by globalization rapidly changing technologies economic pressures and evolving workforce expectations The new Fifth Edition has been updated to reflect the latest research New Profiles in OD highlight a variety of practitioners and researchers New cases examples and a new chapter on organization design and culture interventions provide readers with the latest information on OD best practices

Organization Development Interventions William J. Rothwell, Sohel M. Imroz, Behnam Bakhshandeh, 2021-09-02 To effectively adapt and thrive in today's business world organizations need to implement effective organizational development OD interventions to improve performance and effectiveness at the individual group and organizational levels OD interventions involve people trust support shared power conflict resolution and stakeholders participation just to name a few OD interventions usually have broader scope and can affect the whole organization OD practitioners or change agents must have a solid understanding of different OD interventions to select the most appropriate one to fulfill the client's needs There is limited precise information or research about how to design OD interventions or how they can be expected to interact with organizational conditions to achieve specific results This book offers OD practitioners and change agents a step by step approach to implementing OD interventions and includes example cases practical tools and guidelines for different OD interventions It is noteworthy that roughly 65% of organizational change projects fail One reason for the failure is that the changes are not effectively implemented and this book focuses on how to successfully implement organizational changes Designed for use by OD practitioners management and human resources professionals this book provides readers with OD basic principles practices and skills by featuring illustrative case studies and useful tools This book shows how OD professionals can actually get work done and what the step by step OD effort should be This book looks at how to choose and implement a range of interventions at different levels Unlike other books currently available on the market this book goes beyond individual group and organizational levels of OD interventions and addresses broader OD intervention efforts at industry and community levels too Essentially this book provides a practical guide for OD interventions Each chapter provides practical information about general OD interventions supplies best practice examples and case studies summarizes the results of best practices provides at least one case scenario and offers at least one relevant tool for practitioners

Practicing Organization Development William J. Rothwell, Roland L. Sullivan, 2005-03-04 Since it was first published in 1995 Practicing Organization Development has become a classic in change management Now completely revised and updated editors Rothwell and Sullivan leaders in the field of OD and numerous expert practitioners walk you through each
