when you were a kid Did you have a lemonade stand that went bust after two weeks or did you sell baseball bats at little league games Whatever kickstarted your selling career shows the true determination of a natural born seller that was meant to take advantage of one of the world s greatest merchandise companies Amazon Amazon has been around for over 25 years and it only continues to build momentum Once marketed as only an online bookstore it was unclear if the company would survive the next few years against such large alternatives such as Barnes Noble The company was completely internet based which many thought would be the end of the website but it only became more popular with the addition of new products such as music and clothes Some may not realize that the company that started off as an internet based store for books was one of the first platforms to encourage outside sales Originally called zShops people could market original work or hard to find items The idea exploded as more than half a million people purchased something on Amazon by 2000 Jeff Bezos was dubbed the king of e commerce in 2001 just seven years after Amazon s launch From its birth until now Amazon has acquired 40 companies but its major commerce is now in its third party marketers Outside sellers make up more than 50% of Amazon commerce today and that number is only growing over the years Online shopping has become the norm and Amazon is leading the way in sales accumulating billions of dollars every year and its third party sellers are riding the train to financial freedom Amazon FBA was officially launched in 2006 so it is far from the newest selling platform but it has shaped the path for other platforms of its kind and it should be considered as the best service possible Sellers can use accounts created with Amazon to sell their own merchandise with small fees collected by Amazon With the internet growing in importance every year selling online has never been easier But why would you want to get involved with Amazon FBA Well if you have a knack for selling products feel as though you have always wanted an online store or just want to try something new Amazon FBA is one of the easiest ways to get started From its promises of prime delivery to customers to its total management of your products as soon as they are delivered to the warehouse Amazon has you covered They provide a service unmatched by any outside company and they make selling easier every year
