Never Lost Again Bill Kilday, 2018-05-29 As enlightening as The Facebook Effect Elon Musk

and Chaos Monkeys the compelling behind the scenes story of the creation of one of the most essential applications ever devised and the rag tag team that built it and changed how we navigate the world Never Lost Again chronicles the evolution of mapping technology the overnight success twenty years in the making Bill Kilday takes us behind the scenes of the tech s development and introduces to the team that gave us not only Google Maps but Google Earth and most recently Pok mon GO He takes us back to the beginning to Keyhole a cash strapped startup mapping company started by a small town Texas boy named John Hanke that nearly folded when the tech bubble burst While a contract with the CIA kept them afloat the company s big break came with the first invasion of Iraq CNN used their technology to cover the war and made it famous Then Google came on the scene buying the company and relaunching the software as Google Maps and Google Earth Eventually Hanke s original company was spun back out of Google and is now responsible for Pok mon GO and the upcoming Harry Potter Wizards Unite Kilday the marketing director for Keyhole and Google Maps was there from the earliest days and offers a personal look behind the scenes at the tech and the minds developing it But this book isn t only a look back at the past it is also a glimpse of what s to come Kilday reveals how emerging map based technologies including virtual reality and driverless cars are going to upend our lives once again Never Lost Again shows us how our worldview changed dramatically as a result of vision imagination and implementation It s a crazy story And it all started with a really good map **Narrative**

Spooked Barry Meier, 2021-05-18 A Pulitzer Prize winning investigative journalist s journey into a billion

dollar secret industry that is shaping our world the booming business of private spying operatives for hire retained by companies political parties and the powerful to dig up dirt on their enemies and if need be destroy them For decades private eyes from Allan Pinkerton who formed the first detective agency in the U S to Jules Kroll who transformed the investigations business by giving it a corporate veneer private spies were content to stand in the shadows Now that is all changing High profile stories grabbing recent headlines the Steele Dossier Black Cube the Theranos scandal Harvey Weinstein s attacks on his accusers all share a common thread the involvement of private spies Today operatives for hire are influencing presidential elections the news media government policies and the fortunes of companies They are also peering into our personal lives as never before using off the shelf technology to listen to our phone calls monitor our emails and decide what

we see on social media Private spying has never been cheaper and the business has never been more lucrative just as its power has never been more pervasive Spooked is a fast paced disturbing and at times hilarious tour through the shadowlands of private spying and its inhabitants a grab bag collection of ex intelligence operatives former journalists and lost souls In this hidden world information is currency double crosses are commonplace and hacking can be standard procedure Drawing on his journalistic expertise and unique access to sources Barry Meier uncovers the secrets private spies want to keep hidden

Too Small to Fail James, R Breiding,2019-11-25 Too Small to Fail analyzes how several successful small countries with populations under twenty million have made a virtue out of their physical limitations The book seeks to understand what it is they do differently and why What is their recipe for achieving better educated more egalitarian and wealthier populations The book looks first at the forest and then the trees It examines the characteristics shared by small countries such as Switzerland Ireland Singapore and the Scandinavian states It draws parallels and discovers patterns shared among them that are common to each of their success stories The book then looks at the policies of selected countries that have paved the way for remarkable improvements and considers the individuals corporations and institutions that have made a positive and sustainable impact It further goes on to explain how these small countries are reshaping the World in a never before manner
