Gary Flaxley - Resume - CV

Design photographer videographer

A Google Wave "resume" is such a thing created just for the Internet. The founder of the idea. We use a lot of photos, illustrations, video, audio, and maybe about you as a professional. However, we do not use a physical name and not on a piece of paper. As a designer, I find it most interesting when we can create an experience out of something ordinary. Something that can bring a smile to the face. Something that is not what you expect it to be. Something simple, yet with multiple layers of information. Something that you can gaze and get an idea of the story.

Can Google Wave do all this in a resume? I don't know. But what if you have the skills, if you do, send me at gary@flaxley.com.

Also, take a look at my portfolio at www.flaxley.com.

Looking for a "normal" web resume? Check the business card icon - right hand corner, where I currently live.
