Amazon Near Me:

Amazon Natalie Berg, Miya Knights, 2019-01-03 What is the secret to Amazon's success? What does the ecommerce giant have in store for the future? Explore the disruptive new retail strategies of the world's most relentless retailer and gain valuable lessons that can be applied to any business in the ecommerce sector with original insight from the company as it continues to revolutionize itself even further. The retail industry is facing unprecedented challenges. Across all sectors and markets, retailers are shifting their business models and customer engagement strategies to ensure they survive. The rise of online shopping and its primary player, Amazon, is at the heart of these changes and opportunities. Amazon's relentless dissatisfaction with the status quo is what makes it such an extraordinary retailer. This book explores whether Amazon has what it takes to become a credible grocery retailer and as it transitions to bricks and mortar retailing, investigates whether Amazon's stores can be as compelling as its online offering. Exploring the ecommerce giant's strategies, Amazon offers unique insight into how innovations such as voice technology, checkout-free stores, and its Prime ecosystem will fundamentally change the way consumers shop. Written by industry-leading retail analysts who have spent decades providing research-based analysis and opinion on retail strategy and enterprise technology use in retail, Amazon analyzes the impact these initiatives will have on the wider retail sector and the lessons that can be learned from its unprecedented rise to dominance as stores of the future become less about transactions and more about experiences. **Amazon Nights** Arthur O. Friel, 2005-03-01 When one thinks of the classic adventure story authors of the pulp fiction era, H. Rider Haggard, Talbot Mundy, and Rafael Sabatini may come first to mind. But Arthur O. Friel's stellar contributions, particularly his stories featuring Lourenco and Pedro, two workers on a rubber tree plantation in the Amazon Jungle, their adventures in the Amazon's mysterious backcountry, certainly deserve honorable mention. Here are tales of peril and last-minute rescue, brutal savages, and men of honor, snake-worshipping armies, and half-ape. **Lost Races** and many more. For in the shadows of the rain forest, many evils lurk, human and otherwise. Features a new introduction by Darrell Schweitzer, eight short stories, and **The Jararaca**, a complete novel.

Planet Amazon Crystal Dawn, 2013 Andrea Staton, an Army Colonel, dedicates her career and her life to finding the hidden doorway from Earth to the planet Amazon. She is expecting an advanced world that she can learn from, but she is surprised by what appears to be a primitive world that is at war with Gallegos, the closest planet to them. As she negotiates her way around Amazon, Gallegos, and further into their galaxy, she learns secrets that unlock the past, not only of these worlds but also of Earth and specifically her own ancestors. She must learn to be a warrior and to deal with the men here who she finds very different and much harder to resist than the men from Earth. Can she choose between the men that pursue her, or will she choose to pursue the elusive man that resists the attraction they share? During her journey, she finds that not only can one person lead to great change, but also that sometimes you can't fight fate. **In the Amazon Jungle** Algot Lange, Frederick Samuel Dellenbaugh, 1912 **In the Amazon Jungle** Algot Lange, 2022-09-04 Algot Lange's **In the Amazon**

Jungle is a meticulously crafted narrative that immerses readers in the richness and complexity of the Amazon rainforest. Through evocative prose and vivid imagery Lange skillfully evokes the sights, sounds, and textures of the vibrant ecosystem while weaving a tale of exploration and discovery. The book, situated within the literary context of early 20th-century adventure literature, engages themes of colonization, environmentalism, and the contrasting lives of indigenous peoples and Western adventurers, offering a critical lens on the impact of globalization on fragile ecosystems. Algot Lange was a passionate naturalist and explorer whose own travels in South America inspired his writings. His experiences in the Amazon, where he interacted with diverse cultures and environments, shaped his deep understanding of both the wonders and challenges of the region. Lange's background in environmental science and anthropology informs the narrative, highlighting his commitment to raising awareness about the ethical considerations surrounding exploration and exploitation of natural resources. Readers seeking a captivating journey through one of the world's last great wildernesses will find *In the Amazon Jungle* a profound and thought-provoking read. Lange's narrative not only entertains but also educates, making it essential for those interested in adventure, environmental issues, and the interconnection of cultures in the context of nature. In this enriched edition, we have carefully created added value for your reading experience. Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance. Interactive footnotes clarify unusual references, historical allusions, and archaic phrases for an effortless, more informed read.

Amazon Moon Glenn Starkey, 2013-08-21 As a young man John Alvarez is a bad boy, so it's no surprise when a judge finally gives him the choice between going to prison and joining the Marine Corps. Alvarez reluctantly decides on the latter, not realizing that he will discover himself and find a home in the Corps. Shipped off to Vietnam, Alvarez leads his own band of bad boys, Iron Raven, into the jungle. They become the terror of their enemies and always the first choice for the most dangerous missions. On one such mission, the brain child of a couple of CIA ops, Alvarez and his squad are cut off from escape by their CIA handlers and are left to fight their way out, alone or die. Only Alvarez survives, but his revenge upon the men who abandoned him and his brothers lands him in prison for life. After twenty years of incarceration, Alvarez is offered his freedom, but only if he agrees to undertake another suicide mission. If he's going to be a free man, Alvarez must become the bodyguard of a Mr. Standish and lead him on a journey into the mysterious Amazonian kingdom ruled by the devil himself. It is only in the heart of the jungle that Alvarez discovers that he has accepted a mission with only two possible outcomes: redemption or death.
