Comprehensively updated to reflect the many fast moving developments associated with this dynamic field, this new edition investigates who and where certain cultural products are coming from and why and addresses issues and concerns about their impact all over the world. *Global Communication Theories Stakeholders and Trends 5th Edition* is framed by two theories. One is World System Theory (WST) which views nations through an economic lens. The other is Electronic Colonialism Theory (ECT) which views nations through a cultural lens. Through these theories, the book examines broadcasting, mass media and news services ranging from MSNBC, MTV and CNN to television sitcoms and Hollywood export markets. It investigates the roles of the major players such as News Corp, Sony, the BBC, Disney, Bertelsmann, Viacom or Time Warner and probes the role of advertising and the Internet and their ability to transcend national boundaries and beliefs. New chapters look at the growing importance and significance of other major regions such as the media in the Middle East, Europe and Asia. Outlines the major institutions, individuals, corporations, technologies and issues that are altering the international information, telecommunication and broadcasting order. Focuses on a broad range of issues ranging from social media and new services like Netflix as well as Arab and Asian media. Explains and interprets three major movements or theories: NWICO, Electronic Colonialism and World System Theory. Includes major updates to the chapter on the Internet to incorporate global events over the last 5 years such as Russian use thereof, Facebook, Google. Looks at how streaming services such as Netflix, Amazon, Spotify and more have emerged as dominant players in world entertainment. Offers an updated instructor's website with instructor's manual, test banks and student activities. *Global Communication Theories Stakeholders and Trends 5th Edition* is intended as an upper level undergraduate text for students in courses on International Global Communication, Global Media, Journalism and Media Systems in Journalism, Communications or Media Studies Departments. *All You Need to Know About the Music Business* Donald S.
