Principles of Economics' 2003 Ed. , *Macroeconomics + Microeconomics + Mindtap Economics, 2 Terms 12 Months Printed Access Card ,* **The Ethical Formation of Economists** Wilfred Dolfsma, Ioana Negru, 2019-06-07 Economists role in society has always been an uneasy one and in recent years the ethicality of the profession and its practitioners has been questioned more than ever This collection of essays is the first to investigate the multifaceted nature of what forms economists ethical and economic views Bringing together work from international contributors The Ethical Formation of Economists explores the ways in which economists are influenced in their training and career examining how this can explain their individual ethical stances as economists The book suggests that if we can better understand what is making economists think and act as they do considering ethicality in the process we might all be better placed to implement changes The intent is not to exonerate economists from personal responsibility but to highlight how considering the circumstances that have helped shape economists views can help to address issues It is argued that it is important to understand these influences as without such insights the demonization of economists is too easily adapted as a stance by society as well as too easily dismissed by economists This book will be of great interest to those studying and researching in the fields of economics ethics philosophy and sociology It also seeks to bring an ethical debate within and about economics and to cause change in the practical reasoning of economists

Encouraging Openness Nimrod Bar-Am, Stefano Gattei, 2017-06-22 This volume features forty two essays written in honor of Joseph Agassi It explores the work and legacy of this influential philosopher an exciting and challenging advocate of critical rationalism Throughout six decades of stupendous intellectual activity Agassi called attention to rationality as the very starting point of every notable philosophical way of life The essays present Agassi s own views on critical rationalism They also develop and expand upon his work in new and provocative ways The authors include Agassi s most notable pupils friends and colleagues Overall their contributions
