Teaching Reading Comprehension to English Learners in Secondary Schools: A Research-Based Approach

Cekiso, Madoda, Olifant, Florence, Mokhtari, Kouider, 2025-04-23 Teaching reading comprehension to English learners ELs in secondary schools presents unique challenges as these students must navigate the complexities of academic texts and the intricacies of language acquisition. Effective instruction requires a research-based approach that considers the diverse linguistic, cultural, and cognitive backgrounds of these learners. Recent studies highlight the importance of integrating strategies that build both language proficiency and content knowledge, essential for helping ELs develop the skills needed to comprehend complex materials. Fostering metacognitive awareness through strategies like summarizing, questioning, and making connections can empower students to become active and strategic readers. This approach recognizes the need for a supportive, inclusive classroom environment that encourages language development while promoting academic achievement in content areas. Further research may help educators provide English learners with the tools to thrive as capable readers in secondary school. Teaching Reading Comprehension to English Learners in Secondary School: A Research-Based Approach explores various aspects of teaching reading comprehension to English Second Language (ESL) learners in secondary schools. It examines current challenges and evidence-based strategies in reading comprehension. This book covers topics such as language learning, reading strategies, and teacher training, and is a useful resource for academicians, researchers, and scientists.

Outstanding Books for the College Bound Angela Carstensen, 2011-05-27 More than simply a vital collection development tool, this book can help librarians help young adults grow into the kind of independent readers and thinkers who will flourish at college.

Stars Series Michele Venné, 2021-11-09 Will the Alliance be victorious or will the High Council crumble? Battles between races, a royal wedding, family mysteries, and a prophecy that might not be fulfilled. Lives are lost, others are saved, and some are brought together to create a bond between hearts and planets. One child is rescued, another is hidden. Both return to their beginnings. As they discover the truth of the Prophecy, they must decide if they're strong enough to endure the truth. The Stars Series Boxed Set is an immersive two-book science fiction romance full of mystery, space travel, and alien beings. If you love action, adventure, and the bond of family and friendship, then you'll enjoy this riveting space opera with visits to faraway planets and the tying of lives into the tapestry of the universe.

Read Alouds for All Learners Molly Ness, 2023-08-22 In *Read Alouds for All Learners: A Comprehensive Plan for Every Subject Every Day, Grades PreK-8*, Molly Ness, supported by current research and personal experiences, demonstrates the sobering effect an absence of read-alouds in classrooms has on preK-8 students' comprehension skills. She provides intentional directions on planning and implementing a read-aloud routine that supports young learners' literacy development, content area knowledge, social-emotional learning, and academic achievement. This book will help you understand the role of read-alouds in the science of reading, develop understanding of the three-step planning process for a read-aloud, and see current read-aloud research and trends among
