Podcast Journalism David Dowling, 2024-03-19 Runner up 2025 Tankard Book Award Association for Education in Journalism and Mass Communication Podcasting's stratospheric rise has inspired a new breed of audio reporting Offering immersive storytelling for a binge listening audience as well as reaching previously underserved communities podcasts have become journalism's most rapidly growing digital genre buoying a beleaguered news industry Yet many concerns have been raised about this new medium such as the potential for disinformation the influence of sponsors on content the dominance of a few publishers and platforms and at times questionable adherence to journalistic principles David O Dowling critically examines how podcasting and its evolving conventions are transforming reporting and even reshaping journalism's core functions and identity He considers podcast reporting's most influential achievements as well as its most consequential ethical and journalistic shortcomings

Transnational Law & Contemporary Problems ,2011 **Contextual Pricing: The Death of List Price and the New Market Reality** Robert Docters, Michael Barzelay, John G. Hanson, Cecilia Nguyen, 2011-10-19 A REVOLUTIONARY NEW PERSPECTIVE ON HOW PRICING REALLY WORKS Contextual Pricing delivers a knock out punch to complacent and low return pricing approaches This book is full of intriguing fresh insights which will expand your perspective on what is possible in maximizing revenue from your company s products and services Mark Greatrex Chief Marketing Officer Cox Communications and former SVP Global Still Beverages The Coca Cola Company To effectively price managers must understand market context the frame of reference for buyers Context is far more important than the usual measures of price variation I strongly recommend this readable and useful book to any business leader who suspects his or her company is falling short of achievable revenues Dave Calhoun Chairman and CEO Nielsen Company and former Vice Chairman General Electric Company About the Book A few leading companies have jettisoned

ideas about pricing that other companies believe are indispensable. The result has been superior performance against competitors who persist in a simplistic 1990s belief in value. Contextual Pricing describes how buyers are influenced by comparison points and contextual messages more than by actual price levels. Identical products can sell at radically different prices to the same target customer if context is strategically managed. This fact is how Procter Gamble, GE, Coca Cola, Company, Amazon, Google, Microsoft, and others make sure they get the best possible price. The use of context is changing the way companies price and sell in the new global economy. This readable and market tested book describes the contextual pricing perspective, how it is being used in B2B and B2C markets, and how you can make the shift to contextual pricing in your own business. Whether you're a CEO, PL manager, marketing director, sales manager, or entrepreneur, Contextual Pricing shows you how to understand how your customer will make buying decisions and the role of pricing in those decisions. Establish better, more intuitive prices using context. Develop contextual pricing strategies that defeat competitor pricing. How contextual pricing can be the antidote to destructive price wars. Harmonize your pricing with branding, product development, and channel strategies. Increase your profits with proven pricing tools such as scientific bundling, tiering, branding, upsell, hooks, and more. Through its illuminating case-by-case studies, Contextual Pricing delivers a wide range of pricing techniques and customer insights that you won't find anywhere else. You'll learn how to avoid common pitfalls when raising or lowering prices and discover how you can compete in traditional or emerging digital marketplaces and beat the competition through superior tactics, not through lower margins. When you know the secrets of Contextual Pricing, you can name your price, drive your sales, increase your profits, and own your success.
