

CONTRACTOR TRAVEL REIMBURSEMENT GUIDELINES

November 2012

1.0 INTRODUCTION

The Contractor should have a policy that requires its employees to use sound business judgment in both determining the need for travel, as well as in expending Contractor financial resources when travel is necessary. The following guidelines are provided to assist the Contractor in its compliance with contractual requirements to limit expense reimbursement to those costs that do not exceed FDIC travel reimbursement guidelines. Travelers will not be reimbursed for excess costs caused by:

- An indirect route as a matter of personal preference
- Premature departure for personal reasons from a temporary location; or
- Extending a stay for personal reasons.

2.0 APPLICABILITY

To be entitled to Lodgings-Plus per diem reimbursement, the contract must allow for travel and the Contractor's employee must be on a temporary assignment that is at least 50 miles in distance from either his/her office or residence. If a temporary assignment concludes during the workday and is located within 100 miles of the Contractor's employee's official station or residence, the Contractor's employee is expected to return to their residence, rather than remain at the temporary location overnight. The cost of travel for spouses, other family members, and friends is not reimbursable under any circumstances.

3.0 TRAVEL AUTHORIZATION

Contractors shall ensure that all travel on behalf of the FDIC is necessary and allowable under the contract. A management official of the Contractor shall authorize all travel and travel vouchers reflecting travel expenditures.

4.0 AIR TRAVEL

Air travel should be in coach class only, unless the contractor's employee bears the cost of the difference between coach and first class. Travel should be planned as far in advance as possible to take advantage of discounted fares; especially if reasonable certainty exists that the event will take place. If more than one air carrier offers service, travel should be on the carrier that offers the lowest price. If a restricted fare is booked and the Contractor's employee requires a change, a reasonable exchange fee may be claimed. Contractor's employees are required to fly on U.S. flag carrier service under the Fly America Act, 49 USC Section 40118, which requires employees, consultants, contractors and any other persons traveling for the federal government outside the United States via commercial air to travel by U.S. flag air carriers, unless an exception to the Act applies. For additional information, refer to the Federal Travel Regulations and/or Comptroller General Decision B-138942, March 31, 1981.

5.0 RENTAL CARS

Generally, no car larger than a mid-size should be rented. The Contractor should have a policy that requires employees to compare the cost of car rental with other forms of transportation and to choose the cheaper mode of transportation. The use of rental cars, even if authorized, must be justified in writing by the traveler and attached to the voucher. Claims for rental car gasoline must be supported by original receipts.

6.0 LODGING

The Contractor is expected to have a policy that provides for reasonable but not extravagant lodging accommodations for employees in travel status. The Contractor should make use of government rates whenever possible; otherwise, corporate rates or other discounts should be obtained.

Contractor Travel Reimbursement Guidelines Introduction

In today's digital age, the availability of Contractor Travel Reimbursement Guidelines books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Contractor Travel Reimbursement Guidelines books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Contractor Travel Reimbursement Guidelines books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Contractor Travel Reimbursement Guidelines versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Contractor Travel Reimbursement Guidelines books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Contractor Travel Reimbursement Guidelines books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Contractor Travel Reimbursement Guidelines books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized

books and historical documents. In conclusion, Contractor Travel Reimbursement Guidelines books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Contractor Travel Reimbursement Guidelines books and manuals for download and embark on your journey of knowledge?
