TITLE: Use of Corporal Punishment and Isolation as Disciplinary Measures in Head Start Classrooms

AUTHORITY: 45 CFR 1304 Head Start Programs Performance Standards

PURPOSE:

This issuance sets forth the policy forbidding the use of corporal punishment and total or extended isolation disciplinary measures in Head Start programs.

BACKGROUND:

Corporal punishment is defined as the use of physical force as a discipline measure. This includes, but is not limited to, spanking, slapping, pulling of hair, etc. Isolation refers to separating the child from normal association with classroom activities as a punishment measure. Isolation includes, but is not restricted to, confining the child in a small area, retaining the child in the classroom when other children go to play, or restricting the child from lunch with his/her classmates.

Physical punishment and total isolation are not consistent with the Head Start Performance Standards. Those standards define goals of increased social competence, establishment of patterns and expectations of success for the child and the enhancement of dignity and self-worth within the child.

ACTION REQUIRED:

The utilization of corporal punishment and total isolation of the child is not consistent with these objectives and cannot be tolerated in Head Start programs. Isolation in which the child is left totally unattended is unacceptable. If it is necessary to isolate a child from a group, adult supervision will be maintained and the isolation period will be minimal. Performance Standards prohibit the use of meals as punishment, thus isolation at meal times is forbidden.

Conduct of preschool children which disrupts normal classroom activities on a frequent or extended basis may be indicative of physical or emotional problems which the Head Start program must take steps to address.
