## **Heroics Paul Freeman:**

**Heroics** ,2011 Photographer Paul Freeman takes a sometimes tongue in cheek look at the way European men have adorned and mythologized themselves and their physical courage over the centuries and refers for inspiration to monumental art and paintings that were the work of artists who tended to depict a fantasy of sensuality rather than the brutal masculinity of reality This sumptuous collection of gorgeous male art nude photographs is printed on large format art stock paper another masterful tome by the inimitable Freeman following closely on the heels of his bestselling Bondi and Outback series of books *Heroics II* Paul Freeman,2013-06-01 A collection of fine art nude photographic portraits of men captured in the classical tradition of the heroic and mythical in the grandiose and dramatic poses of the post renaissance tradition shot in both contemporary post modernist and neo classic or painterly environments with over 180 photographs in both colour and warm toned black and white This collection complements and evolves the theme developed in the first Heroics book published in 2011 and has been influenced by and references the male in sculpture and painting in Western European art from the Renaissance onwards The book plays with contemporary societal attitudes to the naked male in public and art by juxtaposing our collective artistic consciousness and heritage with the reality of the contemporary naked male physique
