Tube Ritual Brian G. Johnson, 2018-10-02 A successful YouTuber shares his strategic system for growing a channel and going from zero to thousands of subscribers You have to start with no videos views or subscribers Furthermore more than four hundred minutes of content is uploaded to YouTube each minute To say that it s challenging to grow a channel is an understatement In fact less than three percent of YouTube channels ever gain more than ten thousand subscribers Yet in a one year period Brian G Johnson gained 10 623 subscribers and drove over half a million video views Truly beginning from zero Brian had no previous YouTube success to draw from and had to learn the nuances of camera settings editing options and technical details that often become roadblocks Furthermore he did it in a small and competitive niche the YouTube video marketing niche How you ask By researching testing and tweaking various video growth methods over a one year period in order to identify why the YouTube algorithm promotes one video over another Ultimately this led to the creation of a video ritual based on his findings a series of actions according to a prescribed order More than a mere guide Tube Ritual is a one year case study with the goal of driving more views and converting more viewers into subscribers For those already creating videos or who want to in the future Tube Ritual contains detailed step by step information that plain works Covering topics from branding to thumbnails video structure YouTube SEO video calls to action playlist strategies channel strategies and more Tube Ritual leaves no stone unturned

Not a Toy, but a Tool Carrie Thornthwaite, 2014-03-04 iPads are powerful tools for engaging students encouraging creativity stimulating critical thinking and making significant strides in learning This book is part of a two book set that will allow educators to realize the full potential of the iPad Over 200 highly rated apps are covered with specific ideas for classroom activities and teaching strategies Descriptions include ideas for using iPads in classrooms where each student owns an iPad as well as where there is just a small number of iPads or even just a single device The first chapter of this book supports the effectiveness of iPads focusing on what the iPad is why it should be used and how it can be used Then two chapters are dedicated to apps that are valuable for all subject areas The last three chapters focus on apps appropriate for use in the humanities classrooms In consideration of education budgets all the apps are free or low cost The information in this book is appropriate for K12 teachers university professors media specialists K12 administrators parents and students
