Take Control of Apple Media Apps Kirk McElhearn, 2025-10-30 Discover Apple's Music TV Podcasts and Books apps Version 1.1 updated October 30, 2025 Are you bewildered with the apps that replaced iTunes on your Apple devices? Befuddled by Apple Music? Confused about whether or how to sync your media to the cloud? Wondering how to view movies and TV shows on each of your devices? Wishing for a way to organize your podcasts? In this book, Kirk McElhearn explains not only how Apple's media apps work but also how normal people can make the Music TV Podcasts and Books apps do just what they want. Back in 2019, Apple replaced iTunes for Mac, iOS, and iPadOS with three apps: Music, TV, and Podcasts, with audiobooks handled by the Books app. *Take Control of Apple Media Apps* is your guide to this post-iTunes world. Covers macOS 15 Sequoia, iOS 18, and iPadOS 18 or later, including macOS 26 Tahoe, iOS 26, and iPadOS 26, plus Apple Watch, Apple TV, and HomePod. Expanding on his earlier title *Take Control of macOS Media Apps*, Kirk McElhearn shows you how to manage your music, videos, podcasts, and audiobooks on all your Apple devices. Whether you just want to play your media or you want to go deeper with special features like Apple Music Genius Shuffle, Playing Next, and iTunes Match, this comprehensive guide has the answers you need. Kirk also looks at various ways of bringing audio and video into Apple's media apps, tagging music and videos so you can find them more easily later, creating playlists, sharing your library over a home network, and accessing your media libraries on your iPhone, iPad, Apple Watch, Apple TV, or HomePod. Here's just a taste of what the book covers:

- Music Play Music:** Learn the basics of playing audio and even music videos in the Music app. You'll also learn about making quick playlists with Genius and Playing Next, the best ways to search for the music you want to hear, how to stream music to other devices in your home, and how to view lyrics while tunes play.
- Stream Music:** Use Apple Music, a paid service, to listen to any of 100 million tracks. Or listen to live broadcasts from Apple Music Radio, including Apple Music 1, Apple Music Hits, Apple Music Country, and other live radio stations.
- View Your Music:** Learn how to view your music library and work with contextual menus in the Music app.
- Organize Your Music:** Make a simple playlist of romantic songs, workout songs, or whatever theme you like. You'll learn how to create smart playlists that, for example, comprise only your 5-star faves or only tunes you haven't heard recently, and how to transfer playlists to your Apple Watch. You'll also find help with operational issues like eliminating duplicates from your music library.
- Store Your Music Library in the Cloud:** What are the pros and cons of using the Sync Library setting to store your music in the cloud? How do Music and iTunes Match figure out whether to upload your music when that setting is enabled? How can I make sure I have all the media I want on each of my Apple devices? You'll get answers to these questions and more.
- Tag Your Music:** Tags are bits of information, also known as metadata, that can describe your media. Learn which tags to bother changing, the best ways to add lyrics and album art, how to rate songs with stars, favorites, or both, and what other types of metadata you can use.
- Meet Apple Music Classical:** Apple Music Classical is a special app for iPhone that helps lovers of classical music enjoy their favorite composers, performers, and pieces.

without the limitations of the standard Music app TV Podcasts and Books View Movies and TV Shows Use the TV app to watch videos including those purchased rented or streamed from Apple and those you add yourself Listen to and Watch Podcasts You ll be sampling and subscribing to podcasts in no time with Kirk s advice plus you ll pick a method of syncing podcast episodes to your iPhone or iPad and even learn about creating your own podcast station Listen to Audiobooks Discover how to download and play audiobooks in the Books app and how to manage your audiobook library Note This book does not cover using ebooks in Books All Media Apps Buy or Rent Media from Apple You can buy music TV shows movies books and audiobooks directly from Apple and rent movies from within the various media apps Find tips on shopping for media and get advice on sharing your purchases with family members and among your various Apple devices Manage and Share Media Files Whether you want to casually share a playlist from your laptop when visiting a friend or you want to make all your media available on all your home s computers you ll find out how Media Sharing and Home Sharing make sharing possible You ll also learn how to manage massive media libraries and store media files on external drives Put It on Your Wrist Enjoy your favorite music podcasts and audiobooks using your Apple Watch or on a Big Screen Use your Apple TV not only for TV shows and movies but also for music and work with a shared library Volume 1: Shifting Your Music Into A Career-- A Guide For Independent Artists To Be Full Time Artists Anthony Obas,2019-03-29 How do you shift your music into a career Very simple By reading this book This book gives self releasing artists insights and advice on how to turn their part time music career into a full time career This book takes on various case studies from mainstream artists personal observations and research from other music business writers and simplifies these into basic instructions on how to do music for a full time The goal of these books is to gain more knowledge but eventually pursue what artists love to do which is make MUSIC

Take Control of Your Apple Account, 2nd Edition Glenn Fleishman,2025-09-10 Prevent or solve problems with your Apple Account Version 2 0 updated September 10 2025 The center of the Apple world is your Apple Account This identifier ties up your access to iCloud to purchased and streaming music TV and movies and to all your devices While an Apple Account is essential Apple has made it difficult to navigate the many features associated with it and particularly to troubleshoot and resolve problems that crop up This book answers dozens of questions and guides you through solutions It also explains how to use security recovery and other features tied to your Apple Account n Everything Apple relies on your Apple Account It s a key that unlocks a long list of Apple products and services on any of numerous devices iCloud uses an Apple Account as does Apple Music the App Store the Music TV and Books apps and more An Apple Account protects your personal information including email and iPhone iPad backups helps you find a lost iPhone iPad Mac or Apple Watch and can even unlock your Mac So it goes without saying that if something goes wrong with your Apple Account you could be in for a world of hurt Unfortunately things go wrong with Apple Accounts all the time Fortunately Glenn Fleishman a veteran technology journalist and the author of Macworld s Mac 911 column is ready to help with expert advice on how to manage

your Apple Account including how to prevent solve or work around most common problems This book is fully up to date with iOS 26 iPadOS 26 macOS 26 Tahoe watchOS 26 tvOS 26 and other Apple products and services In this book Glenn answers questions like What all is my Apple Account used for How does my iCloud account relate to my Apple Account What s two factor authentication and how do I manage it and not get locked out of my account Should I invest in hardware security keys to up the protection of my Apple Account Are there other mechanisms I can use to ensure that I can recover an Apple Account in the event of a problem Spoiler yes What should I do if I have two or more Apple Accounts or iCloud accounts Will I lose access to all my Apple media purchases if I move to another country Can I share an Apple Account with someone else What does an Apple One subscription offer and how does it interact with Family Sharing and iCloud storage tiers Is there an explanation for how code based and hardware based second factors protect my account and how they differ from passkeys Yes What exactly should I do if I think someone is hacking my Apple Account How can I recover a forgotten Apple Account password What happens if I m assaulted or drugged and someone gains access to my iPhone passcode and resets my Apple Account Sadly a too real if uncommon problem What steps should I take if Apple locks me out of my account If I lose access to an email address associated with my Apple Account what can I do What Apple Account changes in recent versions of iOS iPadOS and macOS do I need to know about How can I use Family Sharing to share data and purchases within my family What types of subscriptions can I manage with my Apple Account and how Which payment methods can I associate with my Apple Account and how do I manage them And that s just the beginning Glenn has packed a remarkable amount of concise problem solving information into this comprehensive book Read it before you encounter Apple Account problems to minimize your risk and if you ve already encountered a problem read it to find the best path to a rapid solution
