OE Case Files, Vol. 01 Simone Ferracina, 2021-05-06 *Over the past ten years Organs Everywhere* has promoted conversations that approach architectural design from the edges of the discipline testing its boundaries technologies methods and e valuation systems and keeping them unstable It has valued transdisciplinary speculative and irreverent explorations over strict publishing formats and academic purity promoting a profanatory and open ended ethos Each issue has strung together disparate organs and limbs activating precarious couplings and associations and testing new metabolisms and assemblages And so does the first volume of *Case Files* continue its commitment to the making and unmaking of monsters both by anthologising past contributions into

fresh configurations and designs and by combining them with entirely new articles and voices Here philosophers designers experimental architects artists science fiction writers activists and poets shift expand and re imagine notions of space time inhabitation technology knowledge use value and experience A patchwork of essays stories design experiments buildings art installations drawings prose poems photographs and speculative projects collide in the book infecting simple disciplinary orthodoxies with doubt and potentials uncertainty and hope indecisive photons and softness metatactivity and haunted houses neurodiversity and protocells prosthetics grease and darkness post human scenographies software and GPS anklets anthropocenic devices paprika and synthetic biology
