Goodreads Choice Review:

Online Searching Karen Markey, 2023-02-07 Online Searching prepares students in library and information science programs to assist information seekers at all levels from university faculty to elementary school students Included in the third edition are interviews with librarians and other information professionals whose words of wisdom broaden graduate students perspectives regarding online searching in a variety of work settings serving different kinds of information seekers The book's chapters are organized according to the steps in the search process 1 Conducting a reference interview to determine what the seeker wants 2 Identifying sources that are likely to produce relevant information for the seeker's query 3 Determining whether the user seeks a known item or information about a subject 4 Dividing the query into main ideas and combining them logically 5 Representing the query as input to the search system 6 Conducting the search and responding strategically 7 Displaying retrievals assessing them and responding tactically A new chapter on web search engines builds on students existing experience with keyword searching and relevance ranking by introducing them to more sophisticated techniques to use in the search box and on the results page A completely revised chapter on assessing research impact discusses the widespread use of author and article iMetrics a trend that has developed rapidly since the publication of the second edition More than 100 figures and tables provide readers with visualizations of concepts and examples of real searches and actual results Textboxes offer additional topical details and professional insights New videos supplement the text by delving more deeply into topics such as database types information organization specialized search techniques results filtering and the role of browsing in the information seeking process An updated glossary makes it easy to find definitions of terms used throughout the book With new and updated material this edition of Online Searching gives students knowledge and skills for success when intermediating between information seekers and the sources they need

Pedagogical Opportunities of the Review Genre Maarit Jaakkola, 2024-06-28 *Pedagogical Opportunities of the Review Genre* unleashes the pedagogical potential of the review genre reframing the act of reviewing of cultural products as a communicative practice from a pedagogical perspective Negotiating between traditions of journalism and media studies and pedagogy the author presents a novel approach that will increase the readers understanding of an activity that is on the increase in an era where everyone can be a critic She identifies describes and develops genre based pedagogies in formal non formal and informal contexts of learning and teaching in order to recontextualize the review as a form of learning and rethink of its potential as an inclusive engaging and a transformative critical cultural practice This innovative and truly interdisciplinary study will interest students and researchers in the areas of media literacy digital media media and communication studies cultural studies sociology of arts and pedagogical studies in particular cultural journalism and criticism audience studies cultural production and cultural mediation as well as critical media pedagogy and literacy studies

The Anthropocene Reviewed John Green, 2023-03-21 Masterful *The Anthropocene Reviewed* is a beautiful timely book about the human condition and a timeless reminder to pay
