The Big Leagues Go to Washington David George Surdam,2015-04-15 Between 1951 and 1989 Congress held a series of hearings to investigate the antitrust aspects of professional sports leagues Among the concerns ownership control of players restrictions on new franchises territorial protection and other cartel like behaviors In *The Big Leagues Go to Washington* David Surdam chronicles the key issues that arose during the hearings and the ways opposing sides used economic data and theory to define what was right what was feasible and what was advantageous to one party or another As Surdam shows the hearings affected matters as fundamental to the modern game as broadcasting rights player drafts and unions league mergers and the dominance of the New York Yankees He also charts how lawmakers from the West and South pressed for the relocation of ailing franchises to their states and the ways savvy owners dodged congressional interference when they could and adapted to it when necessary

[Bears vs. Cardinals](#) Joe Ziemba,2022-09-01 In their early years the Chicago Bears and the Chicago Cardinals the two oldest teams in the National Football League travelled the country with only rare mention in the newspapers Both teams later saw their official records destroyed by fire Most of what is now known about those initial seasons is based on often inaccurate statements made many years later Reconstructing their missing history this book draws on newly available resources to document the battles and brawls on and off the field the cunning backroom deals the financial woes and the 40 year rivalry that endured while both teams were in Chicago Figures like Al Capone Red Grange Jim Thorpe and Bronko Nagurski make appearances in the lore of two old adversaries whose uneasy alliance helped ensure the survival of the fledgling NFL

[The ESPN Pro Football Encyclopedia](#) Pete Palmer,Gary Gillette,2007 Presents the statistics of professional American football players coaches and teams for each season from 1920 2006

American Reference Books Annual

Making the Majors Eric M. Leifer, 1995 In this in depth look at major league sports Eric Leifer traces the growth and development of major leagues in baseball football basketball and hockey and predicts fundamental changes as the majors pursue international expansion He shows how every past expansion of sports publicly has been accompanied by significant changes in the way sporting competition is organized With each reorganization the majors have created teams closer in ability bringing repetition to competition across time only to expand and energize the public's search for differences between teams and for events that disrupt the repetitive flow The phenomenal success of league sports Leifer writes rests on their ability to manufacture inequalities for fans to latch on to without jeopardizing the equalities that draw fans in Leifer supports his theory with historical detail and statistical analysis

He examines the special concerns of league organizers in pursuing competitive balance and presents a detailed analysis of how large city domination has been undermined in the modern era of Major League Baseball Using games from the four major league sports he then shows how fans can themselves affect the course of competition In NFL football for example fans account for nearly all of the persisting inequality in team performance The possibility of sustaining inequality among equals emerges from the cross pressures that fans and leagues place on competition With substantial data in hand Leifer asks the essential question facing the leagues today how can they sustain a situation that depends entirely on simultaneous equality and contention one in which fan involvement may evaporate as soon as one team dominates His answer has significant implications for the future of major league sports both nationally and internationally *Fantasy Football Guide 1999* Joseph Korch,1999-08 For the hundreds of thousands of people who participate in fantasy football leagues all across North America here s the most concise easy to use guide available The Fantasy Football Guide 1999 includes complete evaluations and rankings for the hundreds of players in all categories in which points are scored Organized by player position it covers how to assemble a winning team tips and strategies for Draft Day and how to keep records for a fantasy league It also shows the novice owner how to play explains how the leagues operate and tells how to join an existing league or start a new one Providing a thorough review of the 1998 pro football season and an analysis of the 1999 rookie draft The Fantasy Football Guide 1999 can make any fantasy leaguer a winner **Recommended Reference Books for Small and Medium-Sized Libraries and Media Centers, 1989** Bohdan S. Wynar,1989 An annotated bibliography listing general reference works as well as those on social sciences humanities and science and technology
