Music Business Careers Cheryl Carr, 2019-03-13 The music industry offers the opportunity to pursue a career as either a creative artist producer songwriter etc or as a music business logician artist manager agent entertainment attorney venue manager etc Though both vocational paths are integral to the industry s success the work of calling songs into existence or entertaining an audience differs from the administrative aspects of the business such as operating an entertainment company And while the daily activities of creatives may differ from those of the music business logician the music industry careerist may sense a call to Career Duality to work on both sides of the industry as a Career Dualist a concept this book introduces defines and explores in the context of the music industry This new volume speaks to the dilemma experienced by those struggling with career decisions involving whether to work in the industry using their analytical abilities or to work as a creative or to do both The potential financial challenges encountered in working in the industry as an emerging artist may necessitate maintaining a second and simultaneous occupation possibly outside the industry that offers economic survival However this is not Career Duality Likewise attending to the business affairs that impact all creatives is not Career Duality Rather Career Duality involves the deliberate pursuit of a dual career as both a music industry creative and music business logician which is stimulated by the drive to express dual proclivities that are simultaneously artistic and analytical By offering a Career Duality model and other constructs examining research on careers calling authenticity and related concepts and providing profiles of music industry dualists this book takes readers on a journey of self exploration and offers insights and recommendations for charting an authentic career path This is a practical examination for not only music industry professionals and the

entertainment industry but for individuals interested in expressing both the analytical and artistic self in the context of career

Assessment and Learning in Content and Language Integrated Learning (CLIL) Classrooms Mark deBoer, Dmitri Leontjev, 2020-11-17 This volume builds a conceptual basis for assessment promoting learning in Content and Language Integrated Learning CLIL classrooms and proposes practical assessment approaches and activities that CLIL teachers can apply in the classroom CLIL as an educational context is unique as language and content learning happen simultaneously The efficacy of such instruction has been studied extensively but assessment in CLIL classrooms has drawn much less attention The present volume aims to fill this gap Arranged based on different ways that content and language are integrated in CLIL the chapters in this book together build a solid theoretical basis for assessment promoting learning in CLIL classrooms The authors discuss how assessment eliciting this integration yields insights into learners abilities but more importantly how these insights are used to promote learning The contributors to the volume together build the understanding of classroom based assessment as cyclic of teaching learning and assessment as inter related and of content and language in CLIL classrooms as a dialectical unity This volume will spark interest in and discussion of classroom based assessment in CLIL among CLIL educators and researchers enable reflection of classroom assessment practices and foster collaboration between CLIL teachers and researchers The assessment approaches and activities discussed in the volume in turn will help educators understand the scope of applications of assessment and inspire them to adapt these to their own classrooms
