A Writer's Reference with Writing about Literature Diana Hacker, Nancy Sommers, 2024-10-01 Your college writing will be one way you put your ideas and your self out into the world. *A Writer's Reference* helps you strengthen your skills for that important work. It helps you develop a range of literacies: writing, reading, thinking, collaborating, using information, and working responsibly with AI. Acknowledging that generative AI tools are part of many writers' processes, *A Writer's Reference* teaches concrete, flexible strategies for applying your human intelligence to artificial intelligence. See C1a and the AI tips throughout. It helps writers to see AI not as a substitute but a starting point because, if you've heard the expression, you do know that AI simply can't do you. Not authentically. It seems magical, but in fact, it understands nothing, can't think, and won't ever replace the human voice your readers will want to hear.
