The Global ISBN Handbook Azhar ul Haque Sario, 2025-10-30 Have you ever wondered why that 13 digit number on the back of a book costs 125 in the United

States but is completely free in Canada and India This book The Global ISBN Handbook is your 2025 guide to the International Standard Book Number It explains everything about this global fingerprint for books The ISBN is the most important cornerstone of the publishing industry It started as a simple warehouse tool in the 1960s Now it is a complex digital identifier used in over 200 countries This handbook deconstructs the entire system It uses 15 distinct national case studies to do this You will learn how the old 10 digit system changed to the new 13 digit one We break down the five parts of the ISBN from the Bookland prefix to the final check digit The book explores the global governance framework starting with the International ISBN Agency Then it dives deep into how different countries run their systems You ll see the privatized high cost model in the United States You ll compare it to Canada s free government run system We explore the industry led models in Brazil and Germany We look at government run systems in Mexico and India We even cover the unique case of China where the ISBN is not a simple identifier but a state controlled publication license The book also examines the systems in the UK France Russia Japan Australia South Africa Nigeria and Egypt Many books and websites can tell you how to get an ISBN This handbook is the only resource that explains why the process is so different everywhere you look It moves beyond a simple how to and provides a true global analysis It directly compares the privatized for profit models in the US and UK against the free public good systems in Canada and South Africa You won t just learn the price you will understand the cultural policies market structures and legal philosophies that shape that price This book shows how the ISBN is a global mirror It reveals how a simple number can be a commercial product in one nation a tool of cultural policy in another and an instrument of state control in a third This comparative insight is the missing piece for any author publisher or researcher trying to navigate the complex international publishing market Disclaimer This handbook is an independently produced resource for commentary and analysis The author has no affiliation with the International ISBN Agency R R Bowker Library and Archives Canada the National Press and Publication Administration or any other national ISBN agency This work is independently produced under the principle of nominative fair use

But when Shawn sensed a cloaked assassin, Toby reached out to the Mannings for help. Dover, a Manning she had yet to meet, responded to her plea for help. Jason Kathi S. Barton, 2017-06-12 Spencer Graham had been trying to get a hold of Jason Crosby for weeks but he didn't seem to answer emails, mail, or the telephone. She had an idea that would make them a great deal of money but she needed him to invest in her project before it was too late. So barging into his home at 4 a.m. was the only solution as far as she was concerned. She didn't, however, expect him to answer the door naked and proposition her as soon as she walked in the door. Spencer did the only thing that came natural to her: she knocked him on his ass. Jason Crosby was nearly two thousand years old and in all his days as a vampire, he'd never seen anyone quite like her. Not that he thought that was a good thing. He didn't. She was his mate and he was only going to tolerate her because he had to.

Madden Kathi S. Barton, 2021-09-04 Gabby Thomas wasn't sure which end was up. Was everyone in this town crooked? Everything at the police station was in disarray and now she found herself the new police chief. She had to fire the lot of them and start from scratch. Working with the Feds wasn't proving to be the easiest solution either. Thank goodness she had found her mate, Madden. He was her rock. Madden McCray wasn't expecting to find his mate when he sat down with the new police chief but he was glad he did. Gabby was proving to be just what he needed. Gabby and Madden share an epic love but with Gabby's visions of the future, will love alone be enough for what lies ahead? Find out in the final installment of McCray Bruin Madden.

Matthew Kathi S. Barton, 2020-03-30 Matthew St James was the Earl of Green Gables and Lord of Lilac Castle. A dragon of great title and magic but little wealth. Only one other knew what his true dragon was and Devon, King of the Dragons, wasn't telling anyone. Aisling was a rare white warrior dragon. She had been in slumber several hundred years, healing from a near fatal blow in a great war. She felt betrayed when Dak, her personal faerie, had been sharing information about her with Lord Connor. Now she had to go talk to him to determine what kind of payment he would extract from her for his protection while she slept. She had no coin. Not knowing what type of payment he would demand from her had her heart twisted in torment. Aisling didn't trust anyone. Too many had betrayed her. And when she refused to speak with the king, Devon ordered her to go to his castle. He would make her listen to reason. Matt arrived at the castle before Devon but what he wasn't expecting to find was his mate. And because of his title, he couldn't get her to rise from groveling on the ground at his feet to even talk to her. When his dragon realized his mate was in front of him, the Earth dragon bypassed the man and bonded with the white dragon. The joining was both painful and spectacular. In pain, Aisling's dragon no longer white took flight. When Matt finally found her, Aisling was no longer timid. She was mad as hell and out for blood.
