standardization and management of community college course outlines in Ontario and the associated decline in the ability of  
college professors to effectively educate their students Dunn tracks the changes of increased pressure from corporations to  
privatize public services and make them for profit friendly Interviews of program faculty who have recently been forced to

textual duties that faculty members facilitate to set up their own ruling and the performance work that faculty members do to  
execute the textual rules of their prescriptive course outline work In order to rectify the harmful effects of the new
