Like the hit Netflix show *The Killer Across the Table* is centered around Douglas' unique interrogation and profiling process. With his longtime collaborator Mark Olshaker, Douglas recounts the chilling encounters with these four killers as he experienced them, revealing for the first time his profile methods in detail. Going step by step through his interviews, Douglas explains how he connects each killer's crimes to the specific conversation and contrasts these encounters with those of other deadly criminals to show what he learns from each one. In the process, he returns to other famous cases, killers, and interviews that have shaped his career, describing how the knowledge he gained from those exchanges helped prepare him for these. A glimpse into the mind of a man who has pierced the heart of human darkness. *The Killer Across the Table* unlocks the ultimate mystery of depravity and the techniques and approaches that have countered evil in the name of justice.

Inside the Mind of BTK John Douglas, Johnny Dodd, 2008-11-03 The FBI profiler co author of the 1

New York Times bestseller *Mindhunter* recounts his role in catching one of America's most notorious serial killers. *Inside the Mind of BTK* tells the incredible true story of how FBI profiler John Douglas tracked and participated in the hunt for one of the most notorious serial killers in US history. For thirty-one years a man who called himself BTK (Bind Torture Kill) terrorized the city of Wichita, Kansas, sexually assaulting and strangling a series of victims, taunting the police with cryptic communications and bragging about his vicious crimes to local newspapers and television stations. After disappearing for nine years, he suddenly reappeared, complaining that no one was paying enough attention to him and claiming that he had committed other crimes for which he had not been given credit. When he was finally captured, BTK was revealed to be Dennis Rader, a sixty-one-year-old churchgoing married man with two children. As a leading serial killer profiler for the FBI, John Douglas was first called to consult about the case in 1980 and remained involved with the story and all of its principal players up to the arrest and prosecution. After Rader was arrested, Douglas was granted both an exclusive interview with the killer after his sentencing as well as access to his friends, family, and police. In this page-turning book, Douglas reveals both new information and insight into why Rader did what he did, why he stopped for a mysterious nine-year period, and his current psychological state in custody. Praise for *Inside the Mind of BTK*: Legendary profiler and bestselling author Douglas *Mindhunter*, who pioneered the FBI's systematic study of serial killers, offers his insights into one of this country's most chilling killers, Dennis Rader, a seemingly innocuous family man and municipal employee whose brutal murders terrorized Wichita, Kansas, for three decades. While the stomach-turning story of BTK's crimes has been told by others, Douglas's unique professional experience and his exclusive personal access to Rader offers a different perspective, even as the answer to the question of how such a monster comes to be remains elusive. Publishers Weekly. Riveting. Douglas and Dodd have focused a laser sight on one of the most fascinating and disturbing serial killers of our time. Their in-depth analysis of BTK's early childhood, his seemingly normal everyday life, and his shockingly well-hidden other life deftly explores the nature of evil and how we can better protect ourselves from such cunning predators. Lisa Gardner, New York Times bestselling suspense author of *Hide*. *In the Name of the Children* Jeffrey L. Rinek, Marilee Strong, 2018-07-17. The voice that narrates *In the Name of the Children*, an FBI Agent's Relentless Pursuit of the Nation's Worst Predators, which Rinek wrote with the journalist Marilee Strong, sounds warm and humane, qualities missing from much crime writing. Their book is a professional job filled with illuminating details about the day-to-day operations of the bureau. New York Times Book Review. FBI Special Agent Jeff Rinek had a gift for getting child predators to confess. All he had to do was share a piece of his soul. *In the Name of the Children* gives an unflinching look at what it's like to fight a never-ending battle against an enemy far more insidious than terrorists: the predators lurking amongst us who seek to harm our children. During his 30-year career with the FBI, Jeff Rinek worked hundreds of investigations involving crimes against children, from stranger abduction to serial homicide to ritualized sexual abuse. Those who do this kind of work are required to plumb the depths of human depravity to see things no one

should ever have to see and once seen can never forget There is no more important or more brutal job in law enforcement and few have been more successful than Rinek at solving these sort of cases Most famously Rinek got Cary Stayner to confess to all four of the killings known as the Yosemite Park Murders an accomplishment made more extraordinary by the fact that the FBI nearly pinned the crimes on the wrong suspects Rinek s recounting of the confession and what he learned about Stayner provides perhaps the most revelatory look ever inside the psyche of a serial killer and a privileged glimpse into the art of interrogation In the Name of the Children takes readers into the trenches of real time investigations where every second counts and any wrong decision or overlooked fact can have tragic repercussions Rinek offers an insider s perspective of the actual case agents and street detectives who are the boots on the ground in this war at home By placing us inside the heart and mind of a rigorously honest and remarkably self reflective investigator we will see with our own eyes what it takes and what it costs to try to keep our children safe and to bring to justice those who prey on society s most vulnerable victims With each chapter dedicated to a real case he worked In the Name of the Children also explores the evolution of Rinek as a Special Agent whose unorthodox empathy based approach to interviewing suspects made him extraordinarily successful in obtaining confessions and the toll it took to have such intimate contact with child molesters and murderers Beyond exploring the devastating impact of these unthinkable crimes on the victims and their families this book offers an unprecedented look at how investigators and their loved ones cope while living in the specter of so much suffering
